

ANTI-TAMMANY
CROWD GREET
SULZER AT
NEW YORK

Noisy Reception for Ex-Governor Starting On New Campaign

FAREWELL TO ALBANY

Wife Will Join With Him In Contest for the Assembly

NEW YORK, Oct. 21.—William Sulzer got a noisy reception here tonight on his arrival from Albany. At the Grand Central station a crowd of thousands had assembled to meet him, and as he stepped from the train a volley of cheers and an ear-splitting noise from horns and other devices saluted him.

Sulzer smiled as he struggled for a passage through the crowd, extending his hand at intervals to greet that of a friend. The crowd hurried him from the waiting room into an automobile, which started down town followed by a procession of taxicabs bearing a delegation of 300 men from the sixth assembly district on the East Side, on which Sulzer has been nominated for the Assembly on the Progressive ticket.

The route the automobiles took to reach the East Side led past Tammany Hall in Fourteenth street. The chauffeur of the Sulzer car brought out the machine in a stop. Other automobiles gathered close around and the traffic stood still while a dramatic demonstration ensued, one so noisy that policemen for blocks around came running to the scene to learn the cause.

ANTI-TAMMANY NOISE
Crowds gathered. Frantic men, Sulzer enthusiasts, leaped from their automobiles, ran to Tammany's doors and shook their clenched fists at the famous political headquarters. Mr. and Mrs. Sulzer glanced once at the building, then turned their heads away, facing front until the demonstration and the outburst of cars moved on. The former governor's face was set grimly as he listened to the cheers going him. Through the East Side people thronged fire escapes and hung over window sills, shouting greetings to their Assembly nominee. In front of Progressive headquarters, where a demonstration reached its height, Mrs. Sulzer stood up while the car rolled down the street.

Finally to stop the noise, Sulzer stepped out the car and waved his soft black hat.

"Friends, I have come back home," he began briefly, and another demonstration took place before he could continue. He recalled to them that he had represented the district five years in the Assembly and eighteen years in Congress.

"I want to go back to Albany to represent you and not Mr. Murphy," he went on, "representing the people and not a boss who removed me because I stood by the people, and I know that the people are going to stand by me."

"My heart is too full tonight to talk further, but I shall be back again tomorrow night to tell you things that will make you hang on to me for the citizenship of the state which is in the clutches of a corrupt, cruel, relentless and arrogant boss, who says he will destroy you if you do not do his bidding."

LEAVES ALBANY
ALBANY, N. Y., Oct. 21.—William Sulzer tonight departed from Albany in silence. Not a friend outside of his official family accompanied him to the railroad station. Not a cheer greeted him as he stepped down over his eyes and his chin buried in his overcoat collar, he walked slowly down the platform and boarded his car—by coincidence named "The Empire State."

The "Empire State" wore his last words. "If I had everything to do over again, I would do just as I have done. My fight has just begun."

Half a dozen of his advisers will follow him to New York tomorrow to aid him in starting his fight for the Assembly.

Plans for the campaign were drawn up tonight at the last meal the impeached governor ate in the executive mansion. Among his guests was James C. Garrison, who used to be called today the "anti-Sulzer assemblyman," brought himself into contempt of the assembly and has spent the last month in the Albany county penitentiary. He was released today by Judge Cochrane at Hudson, into the custody of his counsel until next Friday. Garrison plans to participate in the Sulzer campaign if he is not re-arrested to prison.

"I'm going back to New York," Mrs. Sulzer said smilingly, "and I cannot say that I am sorry."

Asked about a rumor that she would speak from the same platform with her husband in the campaign, she said she had no such plans but was willing to do it.

"I am asked, you bet I will," she declared. "I could tell some things that would be interesting."

News that Sulzer was on the train spread quickly and a curious throng of passengers streamed back through the coaches to see him. He appeared not to notice them. Sulzer was on his way to New York to attempt to regain his lost political prestige.

FILIPINO ASSEMBLY
DECLARES RIGHT
OF INDEPENDENCE

WASHINGTON, Oct. 21.—The answer of the Philippines to President Wilson's message delivered through Governor General Harrison came by cable today in the form of a resolution adopted by the Philippine assembly. Emphatic belief in the right of the Filipinos to be free is expressed in the resolution and the President's words are gratefully accepted as "a categorical declaration of the purpose of the nation to recognize the independence of the islands."

GERMS OF DISEASE
USED TO BLACKMAIL
WEALTHY WOMAN

CHICAGO, Oct. 21.—Chemists employed by the postal authorities discovered today colonies of germs in a letter sent to extort money from Mrs. Frederick Steele, a wealthy suburban resident. The letter warned Mrs. Steele that it contained two million bacilli, each with which was a demand of \$10,000 in return for a supply of the only serum that could cure her. Indications of the presence of germs were found by the government chemist, who, however, was unable to state the nature of the disease they might convey.

DESCENDANTS OF
BALBOA BROUGHT
FOR THE PORTOLA

SAN FRANCISCO, Oct. 21.—Two lineal descendants of Vasco Nunez de Balboa, who discovered the Pacific 400 years ago, are to take part tomorrow in the Portola festival, commemorating the discovery of San Francisco Bay by Don Gaspar de Portola. They are Elena and Pauline Balboa, sisters of Yuma, Arizona.

WIFE HE CLAIMS HE
KILLED HAS SUEED FOR
DIVORCE FROM SPENCER

NEW YORK, Oct. 21.—Mrs. Nellie Young Spencer, wife of Henry Spencer of Chicago, the confessed murderer brought suit today for the annulment of her marriage to Spencer on September 20, 1902. Spencer told the Chicago police she was one of the many women he had slain.

"I am the murderer's discredited confession," he said, "Miss Spencer, the Martha Washington Hotel here when she was employed by Helen Gould, married her after a three days' courtship, took her to Port Montenegro, N. Y. four months later, and killed her with a hammer."

CONGREGATIONALISTS
TO MEET IN COUNCIL

Drastic Action to be Taken in Regard to Liquor Traffic

KANSAS CITY, Mo., Oct. 21.—The commission of nineteen that has prepared a new constitution for the National Council of Congregational churches, which will convene here today in its first session, held its final meeting preparatory to presenting its report here this afternoon.

The draft contains among other changes, a new doctrinal statement, which the convention in Boston three years ago adopted.

One of the important reports to be presented to the National Council is that of the committee on temperance, appointed three years ago to draw up a statement of the church's attitude on the liquor question. Members of the committee, while refusing to give out the report, declared it contained a number of drastic suggestions that placed the church at the head of a national movement to eliminate the liquor traffic.

HOME MISSIONARY SOCIETY.
WASHINGTON, Oct. 21.—The Women's Home Missionary Society of the Methodist Episcopal church celebrated Mrs. J. H. Holden of Los Angeles as vice president and Mrs. Della Williams of Delaware, Ohio, corresponding secretary. The society will close its annual convention here tomorrow.

LASSO WILD CAT
SAN JOSE, Cal., Oct. 21.—A wild cat, which badly frightened three little boys in Alamo Rock park yesterday afternoon, was chased up a tree by a dog belonging to two hunters who were passing by, and was hauled out and brought into town in a sack.

KILLED BY ELECTRICITY
WORCESTER, Mass., Oct. 21.—William F. Barber of Harrington, Maine, a University of Maine football star, was instantly killed today in a street railway transformer station when 13,000 volts of electricity passed through his body from a feed wire.

WILSON RESENTS
BRITISH STAND
TOWARDS
HUERTA

Sir Edward Grey Declares Recognition of Mexican Republic Will Continue

CABINET MEETING

England Clearly Out of Sympathy With Attitude of United States

WASHINGTON, Oct. 21.—Dispatches were received at the State Department today from Ambassador Page describing in detail his conference with Sir Edward Grey, the British foreign minister, concerning the attitude of Great Britain in Mexico.

The position of the British foreign office was explained substantially as indicated in the press dispatch from London. The American government, it was understood, was not entirely pleased with the British government's policy, particularly as regards the declaration of Sir Edward Grey that nothing so far had occurred in Mexico to change the British view that recognition of Huerta was the correct policy.

The attitude of the administration here is that the forcible arrest of the majority of the members of the Mexican Congress and the arbitrary assumption by General Huerta of the legislative and executive powers of the government in themselves constitute acts which materially alter the state of affairs in Mexico.

The presentation of Sir Lionel Curzon's credentials despite these circumstances, is being interpreted by American officials, notwithstanding the British explanation, as a move out of sympathy with the United States.

There were no new developments in the situation as far as any new element of policy was concerned. The cabinet discussed the subject briefly.

GARDEN COMMENTS
MEXICO CITY, Oct. 21.—"The dissolution of Congress by President Huerta was purely an internal affair of Mexico, which could not possibly have any bearing on the presentation of my credentials," said Sir Lionel Curzon, the British minister, when asked to day concerning the comment in the press growing out of the coincidence of the events.

"The instructions of my government were definite," he continued. "I had been desired that I should withhold the presentation of my credentials, I would have been so advised. Personally, it is not presumed that I know whether the dissolution of Congress was an act of the laws of the country. I am not sure but that it is. The matter was wholly within the discretion of my government and should not be subject to comment."

The minister refused to talk about the recommendations that might be made concerning intervention. He said he was inclined to believe that the United States did not appreciate fully the seriousness of conditions in Mexico, which in his opinion were due to such lack of accord between the government and the people and such a diversity of aspirations among the revolutionists that no one element could be expected to dominate the situation.

He gave no reason why the present state of affairs might not continue indefinitely.

REACH ENTOMBED
MINERS AT LAST

Seven Mine Ninety Feet In Ground for Five Days

ROCKDALE, Tex., Oct. 21.—Seven Mexican miners, imprisoned since last Thursday in the Vogel and Lawrence Lignite workings here, were found alive tonight when rescuers gained the mine interior by drilling a ninety-foot shaft. The men were imprisoned by a cave-in, following a cloudburst which flooded the mine. Two other men entombed in another part of the mine are believed to be dead.

Fifty miners, all Mexicans, were in the workings when a freak overflowed, flooding the mine, but the others made their escape before a cave-in blocked the tunnel.

The rescued men were unconscious and barely alive when found, but physicians expressed hope for their recovery. They had retreated before the advancing waters, reaching the highest point of the workings. Rescuers determined this point by a survey of the mine exterior and the shaft through which the men were reached were sunk to them. Air was let into the mine Monday.

Lying near the men was their mule, still alive.

SENTENCED TO HANG
SACRAMENTO, Cal., Oct. 21.—Samuel J. Baber, cabinet singer, who was convicted of the murder of Cherry de St. Maurice, known as the "Queen of the Sacramento Tenderloin," will hang at Folsom prison on January 2, 1914.

Superior Judge William Canby of Madras fixed the day of execution to Monday, the trial of Jack Drummond, prize fighter, whom Baber stabbed, actually did the killing, is now in progress.

DIVORCE ISSUE IS
AGAIN RAISED
IN EPISCOPAL
CHURCH

House of Deputies Votes to Participate In Discussion At Fair Congress

PRAYERBOOK CHANGE

Slur Against Jews and Turks Is Eliminated From Liturgy

NEW YORK, Oct. 21.—The divorce question came up again in the general convention of the Protestant Episcopal church today, the house of deputies by resolution deciding to co-operate with the international committee on marriage and divorce, in arranging for an international congress to deal with the subject. The congress is to be held in May, 1914, at the Panama exposition in San Francisco for the purpose, in the language of the resolution, "of awakening the conscience of the American people towards the great evil of divorce and remarriage."

The resolution was adopted. Before the open meeting today, the deputies, in executive session, concurred in the selection of the seven missionary bishops chosen by the house of bishops yesterday.

A resolution introduced several days ago by the Rev. Dr. Freeman, deputy from Minnesota, intended to further religious training in the public schools, was adopted by the house of deputies.

Both this resolution and that on marriage and divorce must be concurred in by the house of bishops, before becoming effective.

The committee on prayer book reported favorably on the proposal that the phrase "all Jews, Turks, heretics and infidels" be made to read: "all those who know not the true God."

HANDBILLS ANNOUNCE
HUERTA'S CANDIDACY

Very Likely That Diaz Will Withdraw From Race In Consequence

VERA CRUZ, Oct. 21.—The candidacy of General Huerta for president of Mexico, which has been announced in handbills distributed here today, is expected to have a large effect on the election, which will be held in this city tomorrow.

Jose Luis Requena, candidate for the vice-presidency with General Felix Diaz, who will arrive here tomorrow, believes that the Diaz ticket will be withdrawn. Requena will confer tomorrow with General Diaz on this subject.

Adherents of General Diaz profess to have information that the state officials throughout that part of the republic controlled by the present government have various church sessions which have been held here since the Huerta-Blanquez "infidel" and consider it probable that Diaz really will agree with them that under such circumstances competition would be useless.

General Diaz in a wireless message received tonight, announced his intention of remaining here tomorrow and proceeding to Mexico City on Thursday.

EASTERN STAR ORDER
MEETS AT SANTA CRUZ

SANTA CRUZ, Cal., Oct. 21.—The grand chapter of the Order of the Eastern Star met in annual session here this afternoon with Mrs. Martha G. Dinmore of Alton, grand matron, presiding.

The Southern California delegation arrived at 2 o'clock this morning by special train and was welcomed by the Eastern Star, which had remained up all night to greet the visitors. More than 1000 delegates are here. They attended a grand ball at the Casino tonight. T. W. Drillard, mayor, extended the welcome of the city.

POSTMASTERS TO HELP
GOOD ROADS MOVEMENT
WASHINGTON, Oct. 21.—Good roads movements throughout the country are to have substantial support of the postoffice department. First Assistant Postmaster General Rogers has notified officially postmasters of all classes that it is the desire of the department that they co-operate with state and county authorities in the endeavor to improve the condition of the public roads.

WOMAN TO FIGHT CHARGE
BUREAU, Cal., Oct. 21.—Mrs. Mary Johnson who confessed to a coroner's jury that she walked in ambush and murdered Albert E. Ginepoint on September 24, last in which one passenger was killed and sixty-six passengers and four conductors injured, chose that the disaster was due to a broken wheel in the baggage car.

The report commented on the "damning frequency of accidents due to defective wheels," and suggested that an adequate system of wheel inspection be adopted and that no wheel which is found to be defective be continued in service.

SAN FRANCISCO
TO OPEN PORTOLA
FESTIVAL TODAY

Four Days of Joy Programmed—Metropolis Expects 100,000 Visitors—Reception to Balboa

SAN FRANCISCO, Oct. 21.—San Francisco, with its elaborate street decorations, is prepared tonight for the four day program that will begin tomorrow when the Portola festival is opened. Thousands of visitors are arriving tonight, and arrangements are being made to accommodate a crowd that it is believed would approach the 100,000 mark.

The city's principal streets and business houses are gaily decorated with American flags, lights and the Portola colors, red and yellow. The electric illuminations, which have required weeks to install, are ready for the current which will be turned on tomorrow night.

Interest tomorrow will center on the arrival of Balboa, who will enter the Golden Gate with his retinue. He will be escorted through the city by a big military parade, ending at Union Square, where he will be made consort of Queen Conchita. A message borne by fifty-three boys in a big band and water polo race from Sacramento, will be delivered tomorrow.

FROM SACRAMENTO.
SACRAMENTO, Cal., Oct. 21.—Messages to the Queen of San Francisco's Portola festival were given to Sacramento high school and Young Men's Christian Association runners at the capital tonight by State Controller Charles and Mayor Burke of Sacramento. The messages will be conveyed in relays by runners by land and water to San Francisco. The start from the capital was made at 7:15 p. m.

One of the messages read: "The Queen of the Portola Festival—Greetings to you, the hour is righted by your authority. May your reign be blessed with joy and happiness."

"A. J. WALLACE, Lieutenant and Acting Governor, Mayor Burke's message read: "Her Majesty, Queen Conchita—On the day of the Portola festival, the capital of our great state, I send you sincere greetings. May your short reign be one of pleasure and frolic; and when you retire from your royal throne, may it be with true memories of the old California hospitality and good cheer."

"W. B. BIRKE, "President of City Commission." SAN FRANCISCO, Oct. 21.—Here is a synopsis of the official program of the Portola festival, beginning tomorrow and lasting until next Saturday, commemorating the 400th anniversary of the discovery of the Bay.

WEDNESDAY, OCTOBER 22.
Morning—Balloons enter the Golden Gate and are welcomed to San Francisco. With his retinue he is escorted through the city in the big military parade, participated in by the United States Army, the Navy, the National Guard and the Naval Militia. The queen of the festival appoints him her consort in ceremonies at Union Square, and the keys and freedom of the city are presented to them by the mayor.

Afternoon—Band concert in Union Square. Queen receives message brought from Sacramento by the boy runners and swimmers in the great land and water relay race, which starts at Sacramento 1 p. m. Tuesday. Rugby football at the Stadium. Berkeley High School vs. Palo Alto High, and New Zealand All-Blacks vs. Santa Clara University.

Evening—Band concert in Union Square. Illumination of city and warships in bay. Electric light displays in the Fairmont Hotel. Wrestling championships at the Y. M. C. A. Throughout the day, special displays in the leading retail stores.

THURSDAY, OCTOBER 23.
Morning—Grand annual police review, motor-boat and golf championships. Evening—Public inspection of warships. International soccer championships. All-British vs. All-California. Band concert in Union Square and daylight fireworks. Symphony concert.

FRIDAY, OCTOBER 24.
Morning—Civic, industrial, fraternal and military parade. Golf championships of world play at San Francisco Golf and Country Club. Afternoon—Public inspection of warships and period for shopping. Dog show at St. Francis. Golf champions play.

Evening—Swimming championships at Sausalito. Band concert and fireworks at Union Square. Illumination of city. SATURDAY, OCTOBER 25.
Morning—Tennis tournament at Golden Gate. Special displays in retail stores. Rowing championships. Inspection of warships. Tennis and big track and field meet in Golden Gate Park. Golf champions play at Ingleside. Dog show at St. Francis. Band concert and daylight fireworks at Union Square.

Evening—Grand historical and electrical parade, showing evolutions of the dreamlight from the tireless, Carquene and dining on the streets. Maguerade ball at Dreamland and Pavilion—both thrown into one ball. Band concert and fireworks at Union Square and general illuminations. The grand electric fountain in Union Square will be illuminated every night.

CALL CONFERENCE
ON PROHIBITION

Leaders At Los Angeles Consider Statewide Fight to Stop Manufacture

LOS ANGELES, Cal., Oct. 21.—Representatives of prohibition and church organizations in all parts of the state have signed a call, which was issued here today, for a convention beginning November 15, to decide whether a campaign shall be launched in California to amend the state constitution, so as to prohibit the manufacture and sale of all alcoholic liquors. The call was drawn by Frederick Freeman Wheeler, temporary chairman, who expects a large attendance at the convention, which will be held in this city.

The proposition for a state-wide campaign for the prohibitory constitutional amendment was broached here during the international Y. M. C. A. convention, and was enthusiastically endorsed by various church sessions which have been held here since.

The call states that each organization of the W. C. T. U., the Good Templars, Christian Endeavor and anti-saloon league shall be entitled to send one delegate, as well as each church and reform organization. The convention is expected to be in session two days.

OREGON TO LEAD
PROCESSION OF
WARSHIPS
IN 1915

President Wilson Will Probably Be Among Those On Board

CLARK MAY COMMAND

England and Russia Accept Invitation to Send Vessels

WASHINGTON, Oct. 21.—Secretary Daniels formally announced today that the historic battleship Oregon, which made the famous trip around Cape Horn in the early days of the Spanish war, would lead the great international fleet through the Panama canal when the waterway is opened in 1915.

While plans for the event have not yet been formulated, as will President Wilson in all probability. It has been suggested, too, that all surviving officers, who served on the Oregon on the 1898 cruise, be again at their posts when the battleship heads the procession through the canal. In this event the Oregon will be commanded by Rear Admiral Charles E. Clark, retired, now living in Washington.

The acceptance by the British foreign office of the invitation from the United States to send a squadron of British warships through the canal with the international fleet, was conveyed today by Secretary Bryan through Ambassador Page. Great Britain is the first of the nations to accept the invitation to participate in a mobilization which will bring together at Hampton Roads the greatest fleet ever assembled in American waters.

LONDON, Oct. 21.—Great Britain today accepted the invitation from the United States government to send representative vessels of the British fleet to the gathering of the international fleet in Hampton Roads early in 1915. The fleet will celebrate the completion of the Panama canal by making a voyage to the Pacific through the new waterway.

MEMORY OF NELSON.

LONDON, Oct. 21.—The American ambassador, Walter H. Page, and the Japanese ambassador were the guests of honor at the many language banquet tonight. The company included the Earl of Selbourne, Earl of Brassey, Baron Amplthill and several foreign naval and military officers.

The Earl of Selbourne, in toasting the memory of Nelson, whose victory in the battle of Trafalgar, the banquet celebrated, urged the necessity of Great Britain maintaining the "two fleets to one" standard and expressed his confidence in the possibility of any naval victory.

Ambassador Page quoted Nelson's message after the battle of the Nile to the effect that he had the pleasure of commanding a band of brothers. "In this spirit," said the ambassador, "the United States decided the fleet would gather at Hampton Roads for the most mighty and impressive naval demonstration in the history of the world. Thence it will proceed through the canal to San Francisco."

The ambassador said that he had permission to announce tonight that the United States government had accepted the invitation.

"England's participation," he said, "will be a happy feature of the celebration of the century of peace and the American admiral leading this fleet can say with Nelson that he had the happiness to command a band of brothers."

RUSSIA ACCEPTS.
ST. PETERSBURG, Oct. 21.—It is understood that the Russian admiralty will send one or two naval officers to represent the government at the opening of the Panama canal, probably Captain Nakhodkin, formerly naval attaché at Washington, or professor, Commander Boutakoff, or both of these officers.

The question of sending warships to take part in the celebration appears so far not to have been entertained.

WILL OREGON DISPLAY.

PORTLAND, Ore., Oct. 21.—Frank E. Davis, special commissioner of the Panama California exposition, which will be held in San Diego during 1915, told the manufacturers of the state today that they must decide at once if they wish a presentation at the fair. Oregon has been unable to decide and the exposition management has taken the mind Oregon must act soon or forfeit right to space.

Oregon is the only northwest state that has not arranged a formal Section of private funds to be presented with a building of display.

HEADS NEW ARMY
AVIATION BUREAU

WASHINGTON, Oct. 21.—Colonel Samuel E. Barber, who has been chief of staff of the eastern district of the army, today assumed the duties of chief of the new bureau of aviation in the War Department. Before the direction of aviation and aircraft has been placed in the hands of the chief signal officer, General Scott, but because of the growing importance of aviation as a military adjunct, General Scott and Scott desired to assign an officer of the rank of colonel to duty in charge of that branch of the service.

Colonel Barber is son-in-law of Lieutenant General Miles, retired.

TO OPEN PRINCETON'S NEW COLLEGE TODAY

PRINCETON, N. J., Oct. 21.—The second day of exercises preparatory to the dedication of Princeton's new college tomorrow and the presentation to the university of the Cleveland memorial tower, was participated in today by the delegates.

Dr. A. B. Godley of Oxford, and Emilio Bourgeois of Paris delivered the two concluding addresses on the Vanuxem Foundation for public lectures, Dr. Godley speaking on "The present condition of classical studies in England," and Professor Bourgeois on "The Relations of Science and Culture."

The delegates were the guests of the university at an informal dinner at Proctor Hall tonight. President Hibben was toastmaster and brief addresses were made by President and Vice-Chancellor of Princeton University, Ralph Adams Cram, architect of the group of buildings, and Professor Hugo Münsterberg of Harvard.

WOMAN ACCUSED OF ENTRAPPING GIRLS

LOS ANGELES, Oct. 21.—A trap to ensnare high school girls was set by Mrs. Laura Crabtree, according to three alleged and victims, who were detained tonight as witnesses following Mrs. Crabtree's arrest. The girls, Stella Karpman, 19 years of age; Jessie Peterson, 18 and Thelma Farnham, 14, said Mrs. Crabtree secured quarters near the high school building so that she might induce girl students to visit her place. The Farnham girl is a female of the county hospital and is reported to be in a serious condition.

CONCESSION FOR JAPANESE RAILROAD IN CHINA

TOKYO, Oct. 21.—China has granted to Japan an important concession for the extension of her railroads in southern Manchuria, which will open up a great bean producing and general agricultural district. The new line is to start at the city of Chin Chiao.

AN OLD PRESCRIPTION FOR THIN, WEAK BLOOD

Dr. Williams' Pink Pills Purify and Build Up the Life Stream.

If your blood is not fortified against the multitude of disease germs that surround us, you are being a prey to sickness. You may not be able to put in a good day's work without a constant feeling of exhaustion.

A simple, safe and effective blood tonic is found in Dr. Williams' Pink Pills. They supply the needed material to increase the number of red corpuscles in the blood—these little agents that keep up the needed reserve strength. With your blood in perfect condition you will be able to ward off headaches, stomach trouble, "tired feeling" and lack of ambition.

Sickness is unnatural. It is easier to keep well than to cure illness. Get out of the sick class by building up your blood through the use of the old-time and well-known blood tonic, Dr. Williams' Pink Pills. Get a package today from any druggist. Use them regularly, according to directions, and in a short time you will note a marked improvement in your general physical condition.

RED LARGE PIMPLES ALL OVER FACE

Festered and Came to Head. Scratching Made Sores. Caused Disfigurement. Used Cuticura Soap and Ointment. Face Now Clear.

1413 E. Congress Ave., Englewood, Mich.

"Cuticura Soap and Ointment cured me of a very bad disease of the face without leaving a scar. Pimples broke out all over my face, red and large. They festered and came to a head. They itched and burned and caused me to scratch them and make sores. They said they were worse. Admitted I was restless from itching. When the sores would show my face would bleed terribly. Then scabs would form afterwards, then they would drop off and the so-called scabs would come back again. They were on my face for about nine months and the trouble caused disfigurement which lasted.

"One day I read in the paper of the Cuticura Soap and Ointment. I received a free sample of each. I used Cuticura Soap and Ointment and it was so much better to me that I bought a cake of Cuticura Soap and a box of Cuticura Ointment at the drug store. In about ten days my face began to heal up. I kept on using Cuticura Soap and Ointment and in a very short time after the scabs dropped off the red spots where they were vanished also. My face is now clear of the sores and not a scar is left." (Signed) LeRoy C. O'Brien, May 12, 1913.

Cuticura Soap 25c and Cuticura Ointment 5c are sold every where. Liberal samples of each mailed free with 2c. Skin block. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

AGED "NEWSGIRL" PAYS TAXES ON \$50,000

LOS ANGELES, Cal., Oct. 21.—"Grandma Jones," an aged "news girl" for twenty years has sold her home and moved upon Los Angeles street, and who was generally believed to be upon the verge of indigence, paid taxes today upon Los Angeles county property valued at \$50,000.

Her property was located in this city, at the corner of the country and at some of the best. The little house bearing her name were so numerous that she was forced to neglect paper-selling for several hours.

When the bill was paid, she turned out of the County Hall of business, and resumed her regular business, selling an afternoon paper to Tax collector Webb.

ROBBED OF ALL BUT THEIR NIGHT CLOTHES

LOS ANGELES, Cal., Oct. 21.—When Thomas Huntley, a carpenter, and his wife, Mrs. Huntley, were robbed of all but their night clothes, the Huntleys, who were sleeping in their apartment, were awakened by the sound of a burglar's foot on the stairs. The burglar had entered their apartment from the rear, and had taken everything, including garments, a gold watch and a pocket book, containing \$25.

Huntley could not go to his work until the police had provided him with trousers and a new shirt. His wife and children remained in bed until later in the day when a police patrolman obtained clothing for them.

INDUSTRIAL "ARMY" TAKEN FROM TRAIN

CODEN, Utah, Oct. 21.—Twenty Industrial Workers of the World, who claim to form the advance guard of an army going from Butte, Spokane and other northern points to Salt Lake, were taken from a freight train after they alighted from a freight train of the Oregon Short Line.

Complaints of the crew that they could not disclose their names, who had taken possession of the train, were made here. County officials say that complaints will be filed against the entire group under a law that provides punitive sentences upon conviction of riding on freight trains.

JAPANESE STORES LOOTED

TOKYO, Wash., Oct. 21.—Four masked bandits looted the stores of H. Kuramoto and K. Ito, Japanese merchants at Gardenville, a few miles from Tacoma today, taking all the cash in the safes. H. Dodo jumped from a window, but was held up by a robber, and was tortured with a lighted candle held to his face to make him tell where his money was. He steadfastly declared he had no money and was released.

BIGAMIST OUT ON BAIL

PORTLAND, Ore., Oct. 21.—With wife Ne, formerly Miss Eva Ziemer of Marshfield, Ore., pleading for him, P. D. Chamberlain of Portland, Maine, facing bigamy charges, was released today on \$250 cash bail. The amount was the same which Chamberlain had furnished Monday to get the release of Miss Ziemer, who had been charged at that amount as a material witness. Chamberlain admitted he had a wife and two year old child in Portland, Maine.

ENGLISH LANGUAGE IS MURDERED BY CHINESE

"Pidgin English" Evolved Into Lingua Franca of the Orient

It is difficult for a Chinaman to master the English pronunciation, and this accounts in great measure for the prevalence of pidgin English. The latter is almost always sounded like "I, so we have a-lin or kien for green and lain for blue. "The Chinese language just now" is often heard, "just now" being a favorite expression to denote the immediate present. In calling upon a waiter, one says to the boy (house servant or any one from 16 to 60), "Meece have got" and the answer comes, "Have got" or "No have got" according to whether she is in or out. This recalls the time-honored, true story of a woman who called and the boy reported to his mistress of the house, "One piece man down side, b'long missus." Scarcely complimentary to the "piece man."

DISCOVER MODERN FRENCH HERMIT

Police At Loss How to Act In Queer Case Found In Paris

M. Paul LeFebvre, of 156 Boulevard de Jourdan, is "un type" only thinkable in Paris, where "types" flourish. For several days now he has been keeping neighbors in that gutting chatter in a state of pleasant torment. He is a Parisian hermit—a St. Simeon of the modern world. His hermitage is a wooden hut built with his own hands, and his pillar a ladder some 15 feet high, from which he surveys, silent and solitary, the battling crowd below. Immobile, he watches there for hours, answering not a word to questions and jeers.

Of course, the police would like to do something, but what can they do? M. Paul LeFebvre is within his rights in taking his ease where he pleases, and in his own privacy, for which he has paid over \$1,000. For the "bavages," as they call him in the Boulevard de Jourdan, is, it is rumored, a millionaire at all events, a man of wealth and standing. Does not his mother drive every day in a great motor car, with a footman, he with butler breath, they informed me when I visited the hermitage this afternoon?

In spite of the downpour there was a tolerable crowd in front of No. 156. The building is a mere hut, some ten feet high, with a frontage almost entirely of glass, reminding one of a photographer's studio. It is cut off from the road by a 6-foot wooden pillar, surrounded by a wide meshed wire netting as many feet high again. Against the netting were propped two ladders, and from it at intervals were hung placards in the hermit's writing.

OFFICERS CHOSEN FOR SCOTTISH RITE

WASHINGTON, Oct. 21.—Officers were elected at today's session of the Supreme Council of the Ancient and Accepted Scottish Rite of Free Masonry of the southern jurisdiction. George F. Moore, of Alabama, was chosen lieutenant grand commander; former Senator Henry M. Teller of Colorado, grand prior; Charles E. Rosenbaum of Little Rock, Ark., grand chancellor and Charles F. Buck of New Orleans, grand master of state. Tonight the Royal Order of Scotland gave its biennial banquet.

IS HE DIVORCED OR STILL MARRIED?

NEW YORK, Oct. 21.—James Cunningham Bishop, Wall Street broker and banker, asked the Supreme Court today to tell him if he is married or divorced. Mrs. Bishop won her divorce suit last May and was given an interlocutory decree to be made final on her application at the expiration of thirty days. The thirty days are up and so are the thirty days thereafter during which she might have applied for a final decree, but no such application has been filed.

Mrs. Bishop is now abroad and decision on Mr. Bishop's question will be deferred until November 19 to enable the court to learn what she intends to do.

STATE GRANGE OPENS

SAN JOSE, Cal., Oct. 21.—The opening of the session of the State Grange took place at 11 o'clock today, presided over by Worthy State Master E. T. Pettit of Cupertino, this county. A large number of delegates were present and this promises to be one of the largest annual meetings of the State Grange held within recent years. This afternoon the report of the worthy state master was read on the year's work, and this evening an open meeting was held at which Joseph T. Brooks, secretary of the chamber of commerce, delivered an address of welcome, and Professor Thomas F. Hunt of the college of agriculture on agriculture. A general reception followed.

LEAVES BIG DEBTS

LOS ANGELES, Oct. 21.—H. J. Mercer, sole owner and manager of three corporations doing business in Los Angeles, is missing and claims against him aggregating \$80,000 are the basis for activities on the part of his creditors. According to the police, a warrant was issued at the institution of the Providence Fidelity Corporation today charging Mercer with obtaining \$50,000 under false pretenses.

D. & R. G. ELECTION

DENVER, Colo., Oct. 21.—The directors of the Denver and Rio Grande Railroad company were re-elected at the annual meeting of the stockholders held here. About 75 per cent of the entire capital stock was represented.

SHERIFF'S CONVENTION

SAN FRANCISCO, Oct. 21.—Sheriffs and the heads of police departments of the principal cities of the state will come to San Francisco this week to attend the two-day convention of the State Sheriff's Association, which will open here Friday.

TRAVELER'S SAMPLE NAPKINS 30% OFF

Old napkins, slightly soiled; travelers' samples; fifty dozen; assorted patterns; all linen; sizes 18x18, 20x20, 22x22, 24x24. Prices \$1.75 dozen to \$4.50. Sold half dozen if desired.

DISCOVER MODERN FRENCH HERMIT

Police At Loss How to Act In Queer Case Found In Paris

M. Paul LeFebvre, of 156 Boulevard de Jourdan, is "un type" only thinkable in Paris, where "types" flourish. For several days now he has been keeping neighbors in that gutting chatter in a state of pleasant torment. He is a Parisian hermit—a St. Simeon of the modern world. His hermitage is a wooden hut built with his own hands, and his pillar a ladder some 15 feet high, from which he surveys, silent and solitary, the battling crowd below. Immobile, he watches there for hours, answering not a word to questions and jeers.

SHIP DRIVEN ASHORE

LONDON, Oct. 21.—After battling for hours in a terrific gale in Lake Erie, owned by the Buckley Steamship Co. of Duluth, sprang a leak today. Captain Collins was forced to run her ashore off Long Point. The crew of eighteen was saved after a hard work by the Long Point life-saving crew. The steamer had on board 100,000 bushels of wheat.

WASHINGTON, Oct. 21.—Comptroller of the Treasury Downey decided today that native-born Porto Ricans, destitute in Mexico, were entitled to the same privileges of transportation from Mexico to their homes at government expense as citizens of the continental United States, under the recent Act of Congress providing relief for American citizens in Mexico.

FACTS ALL WRONG

The San Jose Mercury, a day or two before the recent state-wide meeting of county exposition commissioners, in Oakland, undertook to sustain a certain alleged dissatisfaction in Southern California by a startling statement of facts, which would have been "important if true." As a minor preliminary statement, it is asserted that the state voted a "bonded indebtedness" of \$3,000,000 under the distinct understanding that the Exposition was to be held in Golden Gate Park, where the ground space was ample and practically ready for the erection of buildings. This statement is correct, with the exceptions that the state did not vote any bonded indebtedness, that there was no distinct understanding that the exposition was to be held in Golden Gate Park, and that the ground there, far from being "practically ready for the erection of buildings," was not ready at all, and could not have been made ready except at an expense many times greater than that of the present site.

The Mercury then stated that "the state of California has provided for the erection of a state building, where the counties could make an effective display of their products and resources;" that the Southern California counties had been refused permission to erect a union building, and that they were required "to pay for floor space at the rate of \$2.50 per square foot in the California state building, which is to be erected with money provided by state appropriation for that purpose," and that "they failed to see any right or justice in the exorbitant demand, or in fact any payment for floor space in a building paid for by all the people of the state."

This statement also is accurate, except for the fact that the state of California has not provided for the erection of a state building, but, on the contrary, has expressly declined to do so; that Southern California was not refused permission to erect a union building (because it did not ask it); that there is no building erected by state appropriation or paid for by all the people of the state; and that the \$2.50 per square foot, asked of Southern California, was only the same \$2.50 per square foot already agreed on by the other counties in the state, and is precisely the money, and all the money, out of which the counties' building itself is to be erected. It is a building, exactly analogous to the "union building," which the Mercury says the Southern counties were to erect, except that it is to be a "union" of all the counties in the state instead of seven of them. The Southern California counties were merely asked to join in the erection and use of that building, in the same manner as all the other counties, and we are glad to know that they are likely to do so. Would the Mercury have liked it better if it had been determined to advertise California to the world as a divided state, by having two buildings, one for Southern California, and the other for California? As to the cost of space for exhibits, this space is already provided, free, in the exhibit palaces, for the products of Southern California, and of all the world. This counties' building is for the non-competitive exhibits and promotion work of the counties. Other states and other nations will have such buildings, and they will pay for them themselves. If the California counties did this work separately, they would pay for the separate buildings themselves. If they did it by districts, they would pay for the district buildings themselves. If they do it all in one group, they will also pay for it themselves, and the charge by space is a method of apportioning that cost among them. The other counties have all joined in the plan, and they have, at the very meeting at which the Mercury predicted trouble, asked the Southern counties to join with them. We can not believe that they will do anything to do so.

The Mercury also suggests that "an inquiry as to what has been done with the money already expended" be made. This inquiry has already been made, and is made continuously, by the state commission, whose reports are on file with the state controller.

So, in brief, the chief criticism of the Mercury's criticism is that none of the facts stated in it exist.

SHE SHOULD WORRY

The rebuff which President Wilson's administration has received from England over the question of a disciplinary attitude toward the present de facto government of Mexico, does not involve any different moral standards of the British and the American statesmen, but a distinctly different notion of what is the proper function of the two governments. In fact, there is no reason whatever why each government should not respect the attitude of the other, aside from a possible pique on the part of Bryan that his policy has not been supported by a hands across the sea policy from London.

The United States has assumed to stand as a powerful elder brother to the Latin American republics, and much as these republics resent this attitude, they frequently depend upon its existence. Certainly the rest of the world regards the United States as having peculiar duties in the matter of keeping order on the whole of the western hemisphere. It happens that President Wilson and Secretary Bryan construe this duty to include the more distinctly moral problem of

whether a de facto government of one of these republics has been elevated by an expression of the people's will or whether it is a mere despotism, occupying the seat of the government without popular warrant. Judging Huerta by this standard, it finds him wanting, and asks the rest of the great powers of the earth to withhold recognition.

England does not find herself involved by any such duties and therefore does not have to decide just how far the logic of the situation should compel her to pass upon the morals of the government of any Latin American government is of no concern to England, any more than is the question of whether the people of Russia have elected the Czar to his present position or whether Yuan Shi Kai has observed all the ethical laws in making himself ruler of China. England is concerned only in keeping herself on friendly terms with any government that shall be in power at the capital of Mexico, and should General Huerta today assassinate Huerta and set himself up in his place, Great Britain could very properly, from her point of view, recognize the new dictator so soon as he had shown himself capable of keeping his seat for a reasonable time.

The different measure of responsibility of England and the United States is well shown by the different feeling of responsibility of the United States toward Mexico and toward China. We do not feel ourselves called upon, at all, to inquire into the details of Yuan Shi Kai's administration, but recognize his republic on general principles.

BRIEF EDITORIAL
FANCIES SELECTEDVisitors Well
Provided for

Fresno is to be congratulated on the excellence of the hotel service and accommodations in that city. The throngs of visitors in attendance at the district fair would have taxed the capacity of many cities that are much greater in population than is Fresno. The delegates to the California State Federation of Labor are also being well cared for this week—Reedley Exposition.

Are You
Immune?

The French medical press, headed by one Prof. Jaeger, is publishing the results of recent experiments made in the field of that branch of the science involving the causes of appendicitis. The results as published indicate a draw between the drys and wets. Cures of wine and grape juice. It is claimed that the "results" of experiments are practically immune to the disease, while those addicted to the consumption of mineral water, cider and beer are easy victims. The ratio is 1 to 200 for the former and one in ten for the latter. The conclusions do not differ. The difference between grape juice and mineral water, but they unequivocally condemn cider, beer and water, especially the charged kind. Whether the statement is largely caused by national jealousy and prejudice is open to argument. Commercialism may also be at the bottom of the "results" of experiments, for the French produce great quantities of the stuff that is said to immunize mankind to the surgeon's favorite ailment. Just the same, if the French medical press has made no mistake, the result is a triumphant vindication of the French. Leche's introduction of the humble grape juice—San Luis Obispo Telegram.

Where the Pulpit
Is Lacking

Is the ministry doing its share toward making this a happier world for dumb animals? Is it?

Speaking the word.
Preaching the word.
Till the world shall set things right?

While not wishing that any unnecessary duties be laid upon the ministry which is already burdened with many cares, yet these questions have often come to me. I have noted the splendid efforts of the press, humanitarians and other agencies.

I decided to find out something about the "situation." I had never heard or read a sermon bearing directly upon this subject, neither had I ever talked with anyone who had.

I believed that although the teaching of kindness toward the dumb rests first of all with parents and day school teachers yet a high and unique opportunity is that of the ministry.

I obtained personal interviews and letters from ministers of various denominations, regular pastors and evangelists of both city and county parishes.

The result was that I did not find one minister who had ever given a whole sermon upon a humane subject.

Part of them pleaded neglect; part were struck with the idea as a new thought and immediately volunteered to preach upon the subject. Some insisted that in preaching the plain Gospel they were indirectly preaching humane sentiment. Some stated that in their opinion they were doing as much for the humane cause as any profession. Some were possibly afraid of such an "innovation." A number felt that the "ministry" was already burdened with responsibilities. Some had made direct reference to the subject of humanity to animals. A few had given brief "talks." One had written nature articles for the press and articles referring to kindness of animals. He said he had also heard many direct references to the subject in sermons and talks.

Should it be a strange and unusual thing—one which would give up surprise to hear a pastor announce a text like one of the following, and in follow it up with an enthusiastic, kindly humane sermon?

For every beast of the forest is mine, and the cattle upon a thousand hills.

Are not two sparrows sold for a farthing? And one of them shall not fall on the ground without your Father's knowledge.

Blessed are the merciful, for they shall obtain mercy.—Alice Jean Cleator in Our Dumb Animals

The
WORLD'S MYSTERIESWHO ASSASSINATED
WALLENSTEIN?

Readers of Schiller are familiar with the story of Wallenstein, as told in one of the German writers most dramatic poems. Albert Wallenstein, the Duke of Friedland, was the most renowned imperial general in the Thirty Years War. He was of a noble family, and greatly increased his wealth and power by marriage.

When the Thirty Years War broke out in Bohemia in 1618, Wallenstein joined the imperial forces against his native country. He raised a large army to assist the emperor against the Lower Saxon League. He defeated Count Mansfeld at Dessau in 1626, and compelled Bethlen Gabor to conclude a truce; he conquered Silesia, and bought from the emperor, partly with military service and partly with plunder, the Duchy of Sagan and other extensive estates.

Four years later he was deprived of his command, owing to the jealousy of the nobles, and he retired to his native country.

Revenge

By GEORGE FITCH,
Author of "At Good Old Swah"

Revenge is the process of making an enemy feel as bad as he has made you feel.

In other words, Revenge is the business of paying back trouble. However, it is not a very business-like process, because the Revenger is never satisfied with paying back the exact amount. He would much rather pay double. In fact, the man who goes into the whole-sale and retail revenge business always tries to charge himself 200 per cent interest annually. If a man gave him a black eye a year ago he hopes this year to give said man two black eyes, a scrambled egg and a pancake nose.

Revenge is difficult business and requires a good memory. When a man goes into the Revenge business he first acquaints himself with the enemy and then waits to pay his enemy back, uttering a low hissing sound meanwhile, whenever he thinks of him. Sometimes he hires for years before he gets a chance to pay his enemy back on his enemy's anniversary wishbone and exclaims, "Ha-r-r-revenge!" just waiting for the part of the game. When a man has scored up eight or ten enemies and is saving a good dose of the same for each of them he has little time to do anything but wait and live. The world, in fact, afflicted with a large number of citizens who haven't done anything but wait for Revenge for years.

The American Indian, when discovered, was a half-wild, agile man with a good mind and fine prospects. But Revenge was his specialty. He never forgot a wrong, and he always laid back the door. Consequently while the American settler was raising corn, the American Indian was crawling through the underbrush in his clogs and knees trying to demolish the

head of some other Indian, who had called him a bad word seventeen years ago. This is partially why the American settler now runs the world while the American Indian saddles up to the corner once a week for beer, and sits in figure whatever in the election returns.

"Sometimes he hisses for years before he gets a chance to place his heel on his enemy's covered in wishbone"

Some men's memories are so bad that they cannot do anything in the Revenge line at all. They are forever designing a bad fate for some enemy and then mistaking his name. These men are fortunate indeed. If only a passion for Revenge was always accompanied by a bad memory, the mortality statistics of this land would come down on the run

position from which he could dictate peace. It was from here he undertook to, purely on secret negotiations with France, with Sweden and with all the emperor's enemies. He had, indeed, the power to do this under his commission; but his attitude against his master constantly became more equivocal.

The emperor was anxious to rid himself of Wallenstein without making him an enemy, and wished to give to his own son, the young King of Hungary, the command in chief. But the danger of losing his place drove Wallenstein to bolder schemes. At his camp at Pilsen all his principal officers were induced by him to unite in a written request that he should in no

Cut Glass

There is no more, however modest or extravagant, which is not made more inviting by a centerpiece of flowers and vases of cut glass, and their happiest recipients. Our designs, flowerlike in their grace and purity of their crystal light, are shown in every form, and in all our cut glass equipment for the table we have concentrated in our collection the most beautiful patterns.

There are two kinds of Service—the good and the bad

Service

Bad service is always preceded by alluring inducements—promises made in print which the makers have no intention of fulfilling.

Good service is that which "makes good" on every promise made. And when we say that "Pacific Service" is a good service, we mean and can prove that it will come up to your every expectation.

Getting what you expect may be satisfying but it isn't always pleasing. We aim to please—in other words to give you a little more than you expect.

Why not investigate "Pacific Service?"

"Pacific Service" is "Perfect Service"

The estate of G. F. Howell has been appraised at a total valuation of \$13,045.55, of which \$5,326.62 represents the value of the jewelry stock in a store at Broadway and \$7,718.93 of the one at D. Main.
E. O. Reese brought suit yesterday against the G. B. Andino Company alleging a cause of action and asking for \$2400 under a contract at Kerman for 240000 grapes of the 1913 crop at \$10 a ton for shipment to San Francisco.
The will of Frank Dunning filed for probate yesterday leaves an estate of \$2578 to the widow Cora B. Dunning. Dunning died on August 19, 1913 and the will is dated at Kerman, Mo., on Dec. 15, 1904. The estate consists of \$2093 cash and lots in Dunshon Addition.
The Stone and Webster construction company was sued yesterday by Edward Kreisel, a carpenter, for \$35,000 damages for personal injuries alleged to have been sustained on May 23, 1913. While at work on a building at Big Creek, Kreisel, descending by a chair ladder, one of the cleats loosened and he fell fifteen feet. He broke the right shoulder, injured the kidneys, was confined for 3 months in bed and has been permanently disabled, he says.
The Harmony Sewing Club will meet with Mrs. E. L. Prattman at 1043 and C this p. m.
A total of \$11,545.07 was taken in yesterday on the seventh day of the tax collecting season.
Six months in the Fresno county jail was the sentence Justice of the Peace Smith yesterday morning imposed on Charles McDonald for assaulting Joseph Wright.
Thompson Magdalen was lodged in jail yesterday by Deputy Sheriff Sullivan on charge of insanity. McDonald is reported to have been talking in a queer manner.
Justice of the Peace G. W. Smith took the oath of office yesterday and gave official bond in the sum of \$500 as justice of official bond in the third township under the appointment of last Monday.
Grover Clayton pleaded guilty yesterday to a violation of the Willie local option law on July 19, 1913. Judge Austin imposed a fine of \$250 and suspended the sentence of six months imprisonment in the county jail. He was given 21 hours to pay the fine into court.
Y. Masuda, a Japanese, and Paul Williams were released yesterday by Judge Austin further penalties and disabilities, having fulfilled the terms of parole for 2 years imposed for forgery in October 1911. Williams is the son of a judge of the superior court of one of the southern California counties.
Judge Church will hear today an adoption proceeding arising under unusual conditions. Harry Johnson to legitimize his daughter asks to be appointed the lawful guardian of a little girl, aged 7, this young mother, Maria Humphrey, consenting to court to the adoption. The further hearing will be taken up today as Judge Church insisted upon the presence of the child which is at a convent.
The First Baptist church as the parent organization has been granted permission by Judge Austin to sell to the First Memorial church lots 14 and 15 in block 11 of Hill addition to Fresno city. The Memorial church was fostered as a mission, and now is strong enough to stand alone as an independent organization. It has purchased the above lots on Belmont avenue, is erecting a small house of worship and will sell the Howard street lot. Rev. H. O. Meyers is pastor of the Memorial church.

PERSONAL MENTION

W. C. Rohrer of Wahitoke is registered at the Sequoia.
George Swift of Friant is at the Grand Central.
J. Robertson of Salt Lake is stopping at the Hughes.
H. Verble of Kingsburg is a recent arrival at the Sequoia.
Miss F. M. Reed of Alameda is a guest at the Fresno.
George A. Walls of New York is at the Fresno.
J. J. Hooper and W. H. Burgess of Fresno are at the Hughes for a few days.
D. O. Taff is at the Sequoia. He colored up from Lindsay yesterday.
Mr. and Mrs. R. C. Traber of Filler are registered at the Grand Central.
Marion E. Power, an attorney of Visalia, is stopping at the Sequoia.
C. C. Knott of Pixley registered at the Hughes last night.
W. H. Centred of Auberry is at the Grand Central.
W. C. Gennart of Bakersfield is a recent arrival at the Fresno.
G. R. Barton of Kerman is a guest at the Grand Central.
Mr. and Mrs. J. D. Doan of San Francisco are among those stopping at the Fresno.
F. M. Hill, manager of the Fresno Traffic Association, left for San Francisco last night on traffic matters. He will be absent two or three days.
Mrs. Robert L. Ferrell, accompanied by Miss Lute Stocks, leaves Thursday morning for San Francisco, where she will attend the funeral of her husband.
Robert Vein, head feller, returned yesterday from San Jose where he was one of the judges at the poultry show. He says that the dog show helped to make the poultry show a success.

IN THE LODGE ROOM

W. O. W.
Two candidates were initiated and four applications received at the regular meeting of the Manzanita Camp last night. The visitors attended the meeting: J. W. Bull, Seim, Lyon and Benson. Oakland, Lyon of Oakland gave a short talk on the secret of health. He advised the younger members to dispense with cigarette smoking.
SPANISH WAR VETERANS
The auxiliary of the Spanish War Veterans met last night and discussed plans for their bazaar, December 10. Mrs. Harry Josephus was reported ill. The next regular meeting will be held with Mrs. W. L. Hill, 2080 Clark street.
ROYAL ARCH MASONS
The winter activities began with the local chapter of Royal Arch Masons last night when the degree of Royal Arch Mason was conferred upon two candidates—Henry Scott Wilson and Harry Elmer Williams. The degree was given by Prof. A. G. Walters following the ritualistic work and refreshments were served in the banquet hall.
PYTHIAN SISTERS
A well attended meeting of the Pythian Sisters, Property Temple, was held last evening. Next Tuesday afternoon, October 25, a card party will be held in I. O. O. F. hall.

ASSOCIATED LEASES TWO MORE WAREHOUSES

Seeks to Relieve Congestion At Selma and Some Other Places
In order to relieve the congestion that has developed in Selma and other places, because of the heavy delivery of raisins, the Associated Raisin Company has just leased the Droge and Rextford packing houses in this city and will use them for storage purposes.
In Selma particularly, the situation is acute. The warehouse has been filled to overflowing and several hundred tons of raisins are stacked in the yard. All additional deliveries there will be loaded on cars and shipped directly to Fresno.
A receiving agent is to be placed at Lone Star and goods received will be shipped to Fresno. Work is being rushed on the new warehouse at Kingsburg and as soon as this is completed, it is expected that some of the congestion will be relieved.
Many of the larger growers are taking advantage of the Associated offer to pay interest, and are storing their raisins in their own places, until a demand is made for them.
Many of the smaller growers, however, are delivering their goods as they are unable to wait and this has brought about the congestion.
Dr. A. L. Hunt cures nervousness. Advertisement.

PEACH GROWERS TO HOLD MANY MEETINGS

First to Be Held Thursday Night At McKinley School House

A meeting at the McKinley school house on Thursday night will formally launch the "promotion" campaign for the Growers' Dried Fruit Company, which the committee in charge of this work has decided upon. This campaign provides for meetings in practically every school district in the county where peaches are grown.
A call for the meeting at the McKinley school was issued yesterday and this will be followed by calls for meetings at other school houses to be held immediately afterward. Arrangements are now being made to hold the second meeting at the Redding school but the date has not been fixed.
Members of the committee of the Growers' Dried Fruit Company report that a great deal of interest is being taken in this movement and no trouble whatever is anticipated in securing stock subscriptions. At these different meetings, officers of the company will be present to outline the plans for the organization and operation of the corporation.

J. STITT WILSON TO SPEAK HERE NOV. 8-9

Will Talk in Park, From Pulpits and Perhaps in H. S. Auditorium

J. Stitt Wilson will be in Fresno Saturday and Sunday, November 8 and 9, to speak for the social propaganda he is furthering. Saturday afternoon he will address an audience in Court House Park and in the evening may speak in the High school auditorium. Sunday morning he will address the congregation of the North Side Christian church, and in the evening will speak at the First Christian church.
A Socialist convention of the Seventh Congressional district will also be held in this city Sunday, November 9.
The Socialists are endeavoring at present to get the use of the High school auditorium under the new Assembly bill No. 16, permitting school buildings to be used without charge for educational or civic purposes, and a committee has been appointed to interview the Board of Education with regard to obtaining it.

CALIFORNIA STATISTICS.
The annual report of the state statistician, George Robertson, recently issued by the State Board of Agriculture, which contains complete statistics of the resources of the state, can be obtained on application at the Chamber of Commerce.
As the report is of considerable size, and costs eleven cents by mail, a supply has been sent to all the larger chambers of commerce for distribution to growers and others who are interested in the subject.

WHO ASSASSINATED WALLENSTEIN?

(Continued from Page 4.)
case desert them, a step which seemed much like a conspiracy. But some of the generals soon abandoned Wallenstein and gave willingly to the emperor.
Thereupon the emperor secretly signed a patent deposing Wallenstein and placed it in the hands of Piccolomini and Gallos, January 24, 1624, but acted with the profoundest dissimulation until he had made sure of most of the commanders who served under him. Then suddenly, Wallenstein, Hertzel, flow, Neumann and Kinsky were put under the ban, and the general's possessions were confiscated.
Now, at length, Wallenstein openly revolted and began to treat with the Swedes for their aid. He thought they did not fully trust him. Attended only by five Slavonic regiments, who remained faithful to him, he went to Eger, where he was to meet troops of Bernard of Weimar, but before he could join them the friends named above were assassinated.
Who had remained in his intimate companionship and whom he trusted, under the command of Colonel Butler, an Irishman, whom it was claimed was employed by Piccolomini. There is every assurance that the emperor would not permit the emperor to get rid of Wallenstein, but that to who extent he acted as an assassin, has never been fully established.

Rev. J. A. Wailes to Preach First Sermon Next Sunday

Rev. J. A. Wailes, new pastor of St. Paul's M. Church, south, formerly Presiding Elder.

Rev. Harold T. Govette, new Presiding Elder of Fresno district, formerly pastor of St. Paul's M. E.

Rev. J. A. Wailes, recently assigned to the pastorate of St. Paul's M. E. church, South, will preach his initial sermon as pastor next Sunday morning at 11 o'clock, choosing as his subject, "Laborers Together With God."

A farewell party planned by members of the church for their retiring pastor, Rev. Harold Govette, who exchanged positions with Rev. Wailes, former presiding elder, will be converted into a reception for their new presiding elder, Rev. Govette, next Tuesday evening.

The former St. Paul's minister was extremely anxious to remain in Fresno because of his pleasant relationships here, but had served the four years' allotment of the South Methodist preachers in one pastorate and had prepared to leave, so that the news of

his assignment to the position of elder of the Fresno district was most welcome. In his new work, Rev. Govette will do much traveling for his district in an extensive one, but will be in this city several days every week.

DISCUSS CONVENTIONS COMMITTEE MATTER

Commercial Club to Defer
Action for Some
Time Yet

The appointment of the other six members of the conventions committee of the Fresno Commercial Club will be deferred for some time as the board of directors has not fully decided just what members to ask to serve. The matter was fully discussed at the meeting yesterday, but no action was taken. Several different plans as to how this committee should act after it was organized were also taken up by the directors.

All the money realized from the trip of the "Hands Around the State Concert Tour" of the Shriners will be used in advertising this state throughout the East and to secure the grand convalescence of the Shriners in San Francisco in 1915. The directors endorsed a resolution calling on the members to purchase tickets for the concert which will be given in this city October 25, and to give the affair as much of a boost as possible.

FINDS BUSINESS IS DULL IN MID-WEST

PORTERVILLE, Oct. 21.—J. W. Stephens, a Main street business man who has just returned from a tour of some months of the Middle West, says that business conditions in the valley and especially in Porterville are lamentably quiet. He says that the section he visited in Ohio, Indiana, Iowa, Illinois and Kansas. "When I left here," said Stephens, "my friends predicted that I would go into business in Chicago again, but none of the Middle West for mine. Even where crops are good money is tight and everything is at a standstill. California suits me better than ever, and particularly the Porterville section of the valley."

AUTO PARTY IS DITCHED.
DINUBA, Oct. 20.—Four men met with an auto accident on the road between Porterville and Bexter yesterday when the steering gear broke while the machine was traveling at 20 miles an hour. The car careened and went into the ditch, but none of the occupants were injured. C. C. Threlkeld was driving the car, and had as passengers W. R. Hill and A. B. Young of Bexter and F. F. Richards of Los Angeles.

DINUBA, Oct. 21.—There are eleven mile cases of scarlet fever under quarantine at present. The cases are mild, and a spread of the disease is not looked for. As a precaution, however, the schools and churches were closed and the Odd Fellows joint meeting postponed to a later date.

Beautify the Interior of Your Home

A home with dingy walls has had effects on one's disposition, and your guests never really enjoy a visit in such a home.

High, new wall paper will give a new, bright appearance to your rooms besides making them more cleanly and healthful.

QUICKLY STOPS THE WORST BACKACHE

**Croxone Makes Kidney
Troubles, Bladder Dis-
orders, Rheumatic
Pains Vanish**

If you suffer with backaching kidney trouble, have disagreeable bladder and urinary disorders, or are tortured with rheumatism, stiff joints, and its heart-wrenching pains, you will be surprised how quickly and surely Croxone will relieve all such troubles.

It works right in through the walls, membranes and linings, neutralizes, dissolves and makes the kidneys, stiff out and filter away the uric acid and poisons from the blood, and leaves the kidneys and urinary organs clean, strong, healthy and well.

It matters not how long you have suffered, how old you are, or what you have used, it is practically impossible to take Croxone without results. It starts to work the minute you take it and is guaranteed to relieve you the first time you use it, or cost you nothing.

If you suffer with pains in your back and sides, or have any signs of kidney, bladder trouble, or rheumatism, such as puffing swellings under the eyes or in the feet and ankles, if you are nervous, tired and run down, or bothered with urinary disorders, or Croxone really will relieve your misery and do it quickly. An original package costs but a trifle, and all drug-gists are authorized to return the purchase if it fails in a single case.

California Oil News

MEXICO IS BECOMING PETROLEUM PRODUCER

Nearly \$200,000,000 Is In-
vested In Tampico, One-
Half By Americans

LOS ANGELES, Oct. 21.—The development of the oil industry in Old Mexico is assuming large proportions, according to a recent statement published by E. H. Hodge & Co. of New York City. The statement is based on a survey of the oil fields of Mexico, and is destined to rank with the United States in the petroleum industry, and already is regarded as the chief source from which this country will derive its future supply of fuel oil. Great as has been the development in the past five years of the Mexican oil industry, the actual resources of the oil fields of that country hardly have been prospected as yet, and because of unsettled political conditions and resistant delay in building storage and transportation equipment, the earnings already achieved through limited operations are hardly a tithe of what may be expected when more active development is begun with the impending cessation of these fields with respect to the Panama Canal indicates that eventually they will be the main source of fuel supply to the marchant marine of the world, which more and more is turning to the use of oil burning engines.

AMERICAN INVESTMENTS.
Within a decade nearly \$200,000,000 have been invested in oil properties in the Tampico field. Of this amount \$100,000,000 represents American capital, \$75,000,000 British and the remainder Dutch, French and Mexican investments.

As a result of this capital investment, although the larger proportion of it represents the acquisition of freeholds and leases, the production of these fields has increased from 1,000,000 barrels in 1907 to 16,000,000 barrels in the fiscal year 1913. On this latter amount 10,000,000 barrels were exported to the United States.

The natural advantages of the Tampico region are peculiarly favorable, as the oil fields extend along a narrow strip, about 100 miles in length and running back and forth in a constant line. Three navigable rivers, the Tamez, the Panuco and the Tuxpan, with their numerous branches, flow through the region from west to east, the two former terminating at the port of Tampico, the latter at the port of Tuxpan. South of the Tampico field, on the isthmus of Tehuantepec, is another oil region, operated almost exclusively by the Mexican Eagle Oil Co.

MANY GUSHER WELLS.
The quality of oil found in the Tampico region is similar to that produced in the Texas-Louisiana fields, and similarly, most of the wells are of the gusher variety. Two years ago the Mexican Eagle Co. brought in its famous well at Portrero del Llano, which showed a daily production of 100,000 barrels, but later on a gusher of 10,000 barrels a day was shut in.

In July, 1912, the company brought in a 12,000-barrel well. In May of the present year the Pemex-Puerto Rico Co., a subsidiary of the South Penn Oil Co., brought in its first well, twelve miles south of Tampico, which has been running 1500 barrels a day, and is shut in. The great well of the Mexican Petroleum Co. at Juan Castano was brought in for an initial production of 10,000 barrels and has been yielding over 10,000 barrels a day, and is shut in.

What is commonly known as the Tampico oil region extends along the Gulf Coastal plain, between the 23rd and 26th degrees of latitude, extending inland from the Gulf of Mexico for 150 kilometers. It is roughly about 17,000 square miles.

Within this region are the following well defined fields, which are productive: Portrero del Llano, Tierra Amarilla and Tachillo, in which are located the immense properties of the American Eagle Oil Co. and the Pemex-Puerto Rico Co.; the Tuxpan field, in which the producing companies are the Mexican Petroleum Co. (Waters-Pierce), Producers' Oil Co. (Texas Co.), the Arona Oil Co. (Royal Dutch), and the East Coast Oil Co. (Southern Pacific); the Panuco field, which is the Ven. Cruz-Mexican Oil Syndicate, Limited.

LOOKING FOR HEIR TO \$16,000 ESTATE

Attorney Asks for Address
of Descendant of Louis
Bataille and Wife

An estate valued at about \$16,000 is awaiting a claimant in Hartford, Conn., and John J. Dwyer, an attorney of that city, is seeking to locate the heir. The following letter from him has been received in this city:

"We would like to learn the present address of some descendant of Louis Paul Bataille and his wife, Victoria Nemi de Schiff, who were married in France in 1878 and had a daughter born in 1880. They were both dead in some part of California. Their daughter is entitled to about \$16,000."

Efforts were made here yesterday to locate the daughter of some one who might know about her or her father, but none could be found who knew anything of this lady.

AFTER SPECIMENS FOR EXPOSITION

Frank V. Dunham of the Fresno County Exposition Commission will leave this morning for the mountains beyond Home on an expedition to secure several specimens of mineral and forest life in that region. He expects to return next Monday evening.

OIL MEN IN MEXICO ARE WITHOUT NEWS

Order Prohibiting Receipt of Papers
From America Makes Them Isolated;
Letters Tampered With

COALINGA, Oct. 21.—Letters received from oil men who left this city to work in the oil fields of Old Mexico tell of the orders prohibiting the newspapers from the United States being received through the postoffice in Mexico. Complaint is made that they feel as if they were out of the world without the papers from home. One of the men advises his friends that it is not safe to write any criticism on either side of the trouble down there, as he believes letters may be opened and read by some of the many inspectors, as one of his envelopes received to say the least, had indications of having been opened. He advises them when writing not to mention the Mexican troubles in any way, as a letter that criticized either party might fall into the wrong hands, and there would be trouble for the one receiving a letter.

LITTLE JACK WILL DRILL 3,000 FEET

COALINGA, Oct. 21.—The Little Jack Oil Company, on section 28, 29-18, in the Devil's Den district, has its hole on section 28, 29-18, drilled to 1,200 feet. The crown block is in place in about ten days ago and has been replaced and drilling resumed. The formation through this section of the Devil's Den district, including section 13, 28-18, has the appearance of being undisturbed. This condition attracted several geologists to the district. So far, only a few shallow wells have been developed. The Little Jack is prepared to penetrate to at least 3,000 feet in an effort to reach pay sand.

MARATHON IS NEAR OIL IN DEVIL'S DEN

COALINGA, Oct. 21.—The Marathon Oil Co., in the Devil's Den district, on section 12, 25-18, has drilled its well No. 1 to 1,400 feet with 8 1/4-inch casing. The tools are in a brown shale formation, containing considerable gas in the seams through the shale. The last thirty feet of the hole has shown more oil than the sands in the zone through the shale. The manager estimates the oil sand to be at about 2300 feet, as indicated by the back out-croppings. The property was shut down through the hottest part of the summer, and resumed operations about two weeks ago.

(John Hays Hammond), the East Coast Oil Co., the Corona Oil Co. (Royal Dutch), and the Tampico-Panuco Oil Fields Co.; the Chila-Sancti Spirit field, which was developed in 1912 by subsidiaries of the Texas Co.; the Panuapla field, owned by the Oil Fields of Mexico, Limited, and the Juan Castano and Escondido fields, which are controlled by the Mexican Petroleum Co. These fields have a potential production of 175,000 barrels a day.

It is interesting to note that three companies in the Tampico region each have a production average of 10,000 barrels a day, and the state of California, which last year yielded 90,000,000 barrels of oil.

REFINERIES HAVE LARGE OUTPUT.
Refineries in the district are operated at Tampico by the Waters-Pierce Oil Co., with a daily output of 600 barrels. The Mexican Eagle Co. is also constructing a "topping" plant in Tampico harbor, which will have a daily capacity of 25,000 barrels and the Mexican Petroleum Co. already has a topping plant in operation.

Co. has a subsidiary refinery at Minatitlan on the isthmus of Tehuantepec, the Mexican Eagle Co. operates an up-to-date refinery with a capacity of 10,000-barrels.

With the advent in the Tampico region of the South Penn Oil Co., the largest producing company in the Standard Oil group, all the great international organizations in the oil industry were represented in these fields. It is true that the Waters-Pierce Oil Co., once a part of the Standard Oil organization, was the pioneer in Mexico in oil development, and long held a monopoly of the trade in that country, but since the Federal decree of dissolution and its absorption by the Pierce Oil Corporation the company has become a rival of its former ally.

PILLSBURY TO ADDRESS COMMONWEALTH CLUB

Will Take Up Workmen's
Compensation Act
Next Saturday

J. Pillsbury, president of the State Industrial Accident Board, will address the members of the Commonwealth Club of Fresno at its meeting next Saturday night. He will talk on the subject, "The New Workmen's Compensation Act."

The talk will be preceded by a dinner at the Regatta at which it is expected that the fully seventy-five members and their friends will be present. Each member is entitled to invite a friend for the occasion.

It is expected that Pillsbury will touch on the question of city employees and the compensation act as several of the members have requested him to do so as the matter is now being taken up in this city.

ASK DISMISSAL OF ONE IDEN CHARGE

VISALLIA, Oct. 20.—Dismissal of the information against W. A. Iden charging him with obtaining money under false pretenses from M. E. Manuel on the ground that he was not properly committed by the lower court was the contention of Attorney Jas. S. Clack when Iden came up for arraignment on the second of the four charges against him today. Clack claimed that Manuel's testimony was not supported by any other and that there were no corroborating circumstances brought out in the preliminary hearing. He claimed that the \$500 which Iden accepted from Manuel was a loan, and that Iden was merely collecting a few days in advance of the time it was due. Arguments on the motion to dismiss will be renewed tomorrow.

FLAMES CONTINUE TO ROLL HIGH SKYWARD

Burning Oil Well At Taft
Shows Great Sheet of
Fire 100x200 Feet

TAFT, Oct. 21.—Belching forth flames as if all the fires of hell were let loose, and that Mother Earth was showing what she could do relative to making this old world warmer, the No. 21 well of the Kern Trading and Oil Company, on section 28, 29-18, continues its sizzling run with its flows of fire and smoke rolling skyward.

Outlined against the sky at night, with the rigs around standing out like skeletons, the fire makes a gruesome scene, with now and then the moon breaking through the cloud of smoke which hovers over all.

At no time has there appeared to be any let up to the flow of oil, which is consumed by the flames as fast as it is thrown into the air. Many times the fire has rolled over the well, and the wonder well of a year ago is in no way equal to this blazing, roaring cauldron of flame. The Pacific Crude had much more pressure, from appearances, and was a wonder because of its flowing by itself, for a few seconds dying into the air like an enormous skyrocket. This condition is different in its flow, for it is steady, with but little let up other than a dropping back of a few feet, and then with a roar spreading out to the side instead of going higher.

100 FEET AT BASE

At its base it is estimated that the flames are nearly 100 feet across, and this width appears to be about the same to 200 feet in the air, where the billows of flame break away into the blackest of smoke.

For several hours on Sunday the gusher threw a great column of oil into the air. This column was about 100 feet high, and was a short time until the sun appeared, when the column was filled to overflowing with a stream starting down the canyon, carrying with it a merry blue, much fear was apparent for the No. 9 of the Mays. Because of the new danger, Contractor Thomas, who drilled the well, put a crew at work removing the drilling outfit. The greater part had been hauled out by night. To save the rig from catching from the intense heat, the Mays Company has equipped a sprinkler system on the crown block, which throws a steady stream. Along with this 2-inch line has been connected into the derrick which is kept swinging on a rope, that the entire interior may be kept thoroughly saturated.

Indications are that water is breaking into the well, for at periods of about every three minutes great showers of steam are seen intermingled with the fire and smoke. This is giving the officials of the Kern Trading and Oil Company hope that with more water breaking in the well will extinguish itself.

A crew of engineers spent several hours yesterday at the base making a survey for a tunnel which is to be run into the side of the hill until the 10-inch casing is reached several feet below the ground. An effort will then be made to draw off the pressure that the well with a big head of steam may make a show.

It has been ascertained that the 8-inch gas line of the Midway Gas Company, with its 390-pound pressure, runs under one corner of the location of the burning well. Because of this there is much anxiety among the officials of the Northern Exploration Company and the well is being watched closely. At gate valves on the line on both sides of the well men are being kept stationed constantly, that Los Angeles may not be shut off from its supply should the line break under the intense heat. Preparations are being made to build around the burning crater should it be that there are signs of the gas line breaking.

"THE BIRD OF PARADISE" ROMANTIC STORY OF HAWAII, TOMORROW NIGHT

Kitty Gordon—At Barton Friday Evening in "The Enchantress."

In "The Bird of Paradise," Richard Walton Tully has successfully demonstrated the effect of tropical life upon white men of weak character, and his redemption by means of a good woman. This romantic story of Hawaii will be seen at the Barton tomorrow night.

Paul Wilson, a sterling young American physician, falls in love with a native Hawaiian girl named Luana, endowed with all the charm and seductiveness of an exceptional member of her sex is bound to possess whether reared in London or Tahiti but beneath her velvety brown skin, essentially and always an untamed passion. The tremendous emotions which this primitive engenders, the passionate interplay of desires and hates and regrets which ensue, formulate the story of a drama with which author Tully has formed not only one of the strongest plays of recent years, but a drama having absolute literary quality, and which, for its wonderful graphic picture upon religious as well as political imperialism, is bound to live and be even more fully appreciated in a decade than now.

Miss Lenore Ulrich as Luana; William Desmond as Dr. Paul Wilson; and Robert Morris as David Landon, the original Hawaiian Hula dancer and others of the stage cast are to be seen exactly as in the Eastern production.

Kitty Gordon

A beautiful woman is Kitty Gordon and a beautiful production is "The Enchantress," which comes to the Barton next Friday evening, and this combination promises to attract an audience noted for its size and brilliancy.

The society chronicler characterizes as "a gala night at the opera." Miss Gordon, when she is not enthralling in wonderful frolics before the footlights is wearing just as original and artistic creations in London drawing rooms as the wife of the Hon. Capt. Henry Beresford. The fact that Miss Gordon has both a stage star and a London hostess may be two perfectly good reasons why so much interest is being shown in the engagement of "The Enchantress."

In "The Enchantress," Victor Herbert has provided Miss Gordon with some charming music to sing, and Joseph M. Jukes has given her one of the most artistic and richly-costumed productions of the season.

of the year. Everything about "The Enchantress" is lavishly from Miss Gordon's gorgeous gowns and jewels to the blue and gold and emerald trimmed uniforms of the guards of the palace of the mythical kingdom in which the story of the play is laid. The scenic setting is the work of an artist's eye for color and form, and the costumes worn by the princesses and the court ladies are so gorgeous and sumptuous as to keep feminine eyes in the audience, taking in all the details of texture and style.

The story concerns the love affairs of a young prince, Ivan of Zergovia. He has an army of princesses from whom to choose a wife, but he succumbs to the charms of an opera singer, Vivian Sivar, the role taken by Miss Gordon, and in spite of warnings and pleading, wants to marry her, forcing his throne to bring this about. At a time when it seems that he will be sent out because Vivian is without a title, it is discovered that she is a princess by birth, and a series of interesting climaxes develop to make the story end happily for all.

Some of the musical gems in the piece include "The Land of My Own," "Romance," "Come Little Fishes," "Rose, Lucky Rose," "All Your Own," "Am I?" and "Art is Calling Me" (I Want to Be a Prima Donna). The seat sale is now open.

Raymond Whittaker

Manager Barton begs to inform his theater patrons that he has a dramatic treat in store for them in the engagement of the highly endorsed American English Play Company, headed by the handsome young leading actor, Mr. Raymond Whittaker, and a supporting company of twenty well known artists.

The engagement is for two nights only, next Saturday, and Sunday, October 25 and 26. The opening performance will be "The American English Play Company," which carries two carloads of special scenery and accessories, complete changes of scenic effects and properties. All new in their entirety.

The seat sale will open tomorrow morning at 9 o'clock. The price scale will be as follows: Lower floor, except last 3 rows, 50c; lower floor, last 3 rows, 50c; balcony, first 7 rows, 50c; remaining rows, 25c; box and loge seats, \$1.00, and gallery, 25c.

NORMAL TWO DAYS' MAIL DISTRIBUTED IN A SINGLE TRIP

1,500 Letters Delivered In
One Round, Usually
Demands Eight Trips

With normal mail weighing from 12 to 15 pounds to be distributed along route No. 1 in the business district in four trips, Postal Carrier Scott Davis delivered 30 pounds of first class mail in this section Monday on his first round. This was discovered in checking up accounts yesterday, as the post office is at present weighing all the mail on ten carrier routes in order to have figures in asking for more men. In round numbers, 1,000 letters would weigh about 30 pounds and these were distributed in one trip, whereas on an average they would have been delivered on eight trips, covering two days. This is a particularly good example of the congested condition of the post office, which is not alone cramped for lack of room but for a scarcity of help. A few new carriers would greatly relieve distribution worries.

While Davis' case is abnormal, it illustrates what a heavy mail pours into Fresno, especially after Sunday, which must be handled by the same men who are kept busy in the district during the particularly light. His route takes in the Forsyth and Republican buildings, (but no place else south of Tulare) the Court House, a portion of L. Fresno, 31 Mariposa streets, but does not include the Rowell-Chandler building nor take in any of 1st street.

Routes in the residential section are too heavy and the post office is hopeful to have substantial relief before the holiday influx arrives.

LAS PALMAS P. O. WILL DISCONTINUE Winery Will Be Served By Rural Delivery From Local Office

Notification was received at the Fresno office yesterday of the discontinuation of the Las Palmas post office after Saturday, November 15. Las Palmas in the future will be served by Rural Free Delivery Route No. 1 from the local office.

Not many years ago Las Palmas received R. F. D. service, but a post office was later established, which relieved the rural carrier of about a mile and necessitated the sorting of mail here and sending it by train to Las Palmas. The rural route will now be extended again so as to take in this town. The discontinuance is not one of the winter closings such as are in effect now in mountain summer resort offices.

At the present time there is believed to be but one family living near Las Palmas that will have to be served in addition to the winery there.

MILLIONS INVOLVED IN INCOME CASES

WASHINGTON, Oct. 21.—Millions of dollars for the federal government depends on the outcome of the corporation taxes up for argument today before the Supreme Court.

In the case of the Stratton's Independence, Limited, of Colorado, the court was called on to decide whether the sale price of material taken from a mine is income subject to the corporation tax or whether it is to be considered as invested capital, converted into cash.

LOS ANGELES, Cal., Oct. 21.—"Major" Charles A. Smith, alias Louis A. Stewart, who served as a private during the Civil War and until recently was an inmate of the National Soldiers' Home at Savelle, near Los Angeles, was sentenced today by Federal Judge Welborn to serve ninety days in the county jail for having represented himself as an officer of the United States army.

Officials of the Savelle home said the old man was a confirmed thief and had stolen an overcoat belonging to a member of the National Guard, which he had sold to a committee which investigated the National Guard's home last year. The court may order an investigation of his sanity.

OAKLAND, Oct. 21.—Cornered in a den on the second story of a building in this city last night, four Chinese who were smoking opium made a dash for liberty, two leaping from a window and two others climbing through a skylight and dropping through the ladder well.

The two who leaped from the window sustained injuries which resulted in their being captured and taken to the receiving hospital, where one of them is suffering from a fractured hip and the other from two fractured ankles and a strained back. The other two escaped.

CURE FOR STOMACH DISORDERS. Disorders of the stomach may be avoided by the use of Chamberlain's Tablets. Many very remarkable cures have been effected by these tablets.

ITCHING SCALP. Dandruff and falling hair can be stopped with Smith's Dandruff Pomade. Price 50c at all druggists everywhere.

2500 pounds American Black Coal equals 2 cords Oak wood. Phone 229. Fresno Fuel Company.

Dr. A. T. Hunt, osteopath, office over Holladay's treatments, \$1.50.

(Mrs.) Dr. C. M. Williams, chiropodist.

EDUCATED BEARS ARE EMPIRE HEADLINERS

Princess Victoria's Bears—Empire's Big Feature Act

The new show opening at the Empire tonight is one that is well suited to follow the splendid bill that was the attraction at the popular vaudeville house for the first three days of the week.

The big headliner is the trained bears belonging to Princess Victoria. These animals have been cleverly trained and are one of the best known troupes in vaudeville. The trained young women who perform with them has spent much time and patience in training them and has met with marked success.

The City Quartet is another feature act. This is a mixed quartet of two male voices and two female voices. Their voices are well blended and the chance of songs is varied, making their offering something that appeals to everyone. The City Quartet is one of those acts that is always acceptable. This is one of the big features of the new bill and has been given prominence everywhere that these people have been.

The Thendade Duo was promised to Fresno a long time ago, but too many engagements intervened and they had to cancel their contract. But now they are coming with their high class pantomime athletic work with elaborate comedy trimmings. This couple has been a big drawing card everywhere they have played.

White and Brown have a blackface comedy, "A Lesson in Firting." It is a singing and talking sketch with plenty of the richest kind of humor scattered liberally throughout it. The performers are well known and have created an enviable reputation as entertainers.

"A Minnesota Romance" is the playlet in which Emily Green & Co. come to the Empire tonight. This is a roaring comedy and is in capable hands. Humor is used extravagantly throughout.

CHILDREN'S FREE MATINEE SATURDAY. During the winter the last Saturday of each month will be free matinee day. This coming Saturday Manager Hedges invites the children to see the excellent bill. He wants them as his guests.

INTERESTING NAVY PICTURE WILL BE SHOWN AT PRINCESS

Realizing the feverish anxiety of the people over the condition and size of the country's army and navy because of the recent and continued war rumors, the management of the Princess theater has succeeded in securing the most interesting feature film, "Victory," taken under a special dispensation of Congress and showing the country's army and navy in action. This film will be shown for four days commencing tonight and will be a feature of the children's free matinee Saturday.

The picture is not a mere draggy exhibition of ships and men, but includes a thrilling plot which is woven about a hero in the country's navy. The warships, cruisers, torpedo boats and the war apparatus of the country are shown in action during the unraveling of the plot. The plot is most absorbing and the action swift and intense and aside from its dramatic interest the film is an education to Americans. Taken by special permission of Congress the film production cost \$100,000. The United States army department also plays an important part in the plot. The pictures come here after fourteen weeks of continuous exhibition in San Francisco.

It will be shown in conjunction with the regular show. Among the vaudeville acts of the program will be Dorothy Lyons & Co., in the roaring comedy sketch, "A Strange Boy."

While this is an act that will prove pleasing to people of every age it has a particular appeal to children. The Four Van Staats in "An Old Dutch Musical," will also appear for the next four days. They carry special scenery and they have a repertoire of vocal and instrumental quartet numbers that is most pleasing.

The management has just received a list of bookings for the near future which includes many well known and high priced acts. Chief among these will be the Raul Forelli string quartette. This eminent Portuguese musician was once court violinist to the Portuguese king and he ranks among the foremost violinists of the world. Among the other acts coming soon will be Dumont's Circus of comics and dogs, Hale and company of six people in "The Kiss," The Four Witsies in a novelty skating act; Lucille Savoy, "The Singing Venus;" Nerve & Co., a comedy swimming act; Kate Woodbury & Co., in a singing act; Seabird's Four Equitresses with two snow-white horses and a trained dog; the Diamond Comedy Four in "Fun in a Schoolroom;" Lulu Atkins, "The Aeroplane Girl;" Platet & Cushing, comedians; Musette, the dancing violinist; Rapoll, king of jugglers, and the Rondas Trio, a sensational musical act. Most of the acts were imported direct from New York by the management of the recent Mechanics Fair in San Francisco.

VESSEL GOES AGROUND. ALPENA, Mich., Oct. 20.—The steamer Norwalk, coal laden from Erie to Dunsmuir, grounded on Rocky Shore off Presque Isle late last night during a fog and heavy northwest blow. Life savers from Middle Island went to the rescue and took off the crew.

Farmers National Bank Service

The service of this bank is the kind that depositors need and want. It is the outgrowth of over thirty years of experience and success.

The excellence of the service is attested by the continuous growth of our deposits and resources, and the absolute and unquestioned soundness and strength of this bank at all times and under all conditions.

This service is available to you and might become invaluable. We are always glad to get in touch with those who desire to establish new or additional banking facilities.

None too large; none too small.

SEALS LOSE FIRST GAME TO VENICE

Kane Raps Out Two Doubles and Single and Scores Three Runs

SAN FRANCISCO, Oct. 21.—San Francisco lost to Venice here this afternoon by 4 to 3 in the opening game of the last series of the season. Kane rapped out three hits, two doubles and a single and scored three runs. He also got three hits and one run. Torralba pitched for the Seals, was replaced in the seventh by Henry. Schaller Dunn was on the mound for Venice. Score:

WOMAN KNOCKS GUN FROM ROBBER'S HAND

LOS ANGELES, Oct. 21.—A rough revolver in the hands of a rough looking alleged bandit held no terrors for Mrs. E. M. Sanders, proprietor of a grocery store, whose pluck in protecting her property was responsible for the detection by the police today of J. L. Pinkerton and J. L. Hoffman. Pinkerton and Hoffman were captured later and were identified by Mrs. Sanders as the would-be robbers.

According to Mrs. Sanders, the prisoners tried to keep her at a distance by flourishing a revolver as they rifled her cash drawer. Discovering the threats, she knocked the pistol from Pinkerton's hand, she said, and the men fled, dropping their loot on the floor as they left the building.

Dr. A. L. Hunt, Osteopath, over Holandas. —Advertisement.

WRESTLERS TRAIN FOR BOUT SUNDAY

Large Crowds Attend Daily Workouts of Contestants; Two Preliminaries

Atan Josephs, the Armenian wrestler of Fresno, and G. Plombo, the noted Italian champion of San Francisco, are fast coming to condition for their bout next Sunday afternoon in the Majestic Theater. Both men are now in perfect condition, having been training for several weeks before the articles for the bout were signed.

Of the two, Plombo is the more rugged, but under the system of training established by the articles of agreement, Josephs will have a fair chance to stand the Italian champion off for an hour. According to the agreement, Plombo must throw Josephs three times in an hour. Catch-as-catch-can is the style of wrestling to be followed. Both men are now working to improve the wind as the match will be one in which endurance will play an important part. Training quarters have been established and large crowds attend the daily workouts.

Plombo will be remembered as the wrestler who was matched to meet Professor Baker of this city several weeks ago. Shortly before the match was called, the gate receipts were attached by a local bookmaker and loan company for money owed them by Baker. The wrestlers refused to go on and the admission fee was refunded to the spectators. Since that time Plombo has been meeting rivals in various cities of the valley.

Two preliminary matches by local Japanese wrestlers will be arranged. Four men have agreed to go on before the big contest, although their names are withheld for the present. Josephs and Plombo will decide on the referee at a conference the latter part of the week.

OAKLAND RELEASES THREE BALL PLAYERS

LOS ANGELES, Oct. 21.—Arthur Devlin, the new manager of the Oakland club, announced today that Catcher Kretz, Infielder Selitz and Pitcher Schwenk would not be with the team by organization next year. They will be released at the close of the season.

Devlin further stated that other changes would be made, indicating that he might not need Pitcher Stone or Catcher Alexander, late of the St. Louis Americans, for his 1914 team.

CHARGES AGAINST WATSON DISMISSED

Defendant Declares Prosecution Should Not Be Allowed to Pick Passages

AUGUSTA, Oct. 21.—Holding that the indictment charging Thomas E. Watson, editor-author and once presidential candidate of the populist party, with sending obscene matter through the mails, was illegal, Federal Judge Rufus E. Foster ordered the case thrown out of court.

When the judge announced his ruling, the spectators broke into cheering. It was solely upon the contention raised by Watson himself that the court ordered the case dismissed. Extended argument on the motion had been made by S. G. McLendon of defendant's counsel, when the defendant asked permission to present "other phases of the matter."

Watson addressed the court briefly, laying stress upon his claim that the indictment should not select certain passages of the article written by him, but should include the entire matter. He said that unless this were true it would be possible to find persons mailing copies of the title or the criminal code of Georgia.

Argument against the motion by District Attorney Alexander Akerman was limited to a defense of the government's position that the indictment need merely indicate the alleged obscene passages and not the entire article.

Talk Number Thirty-six

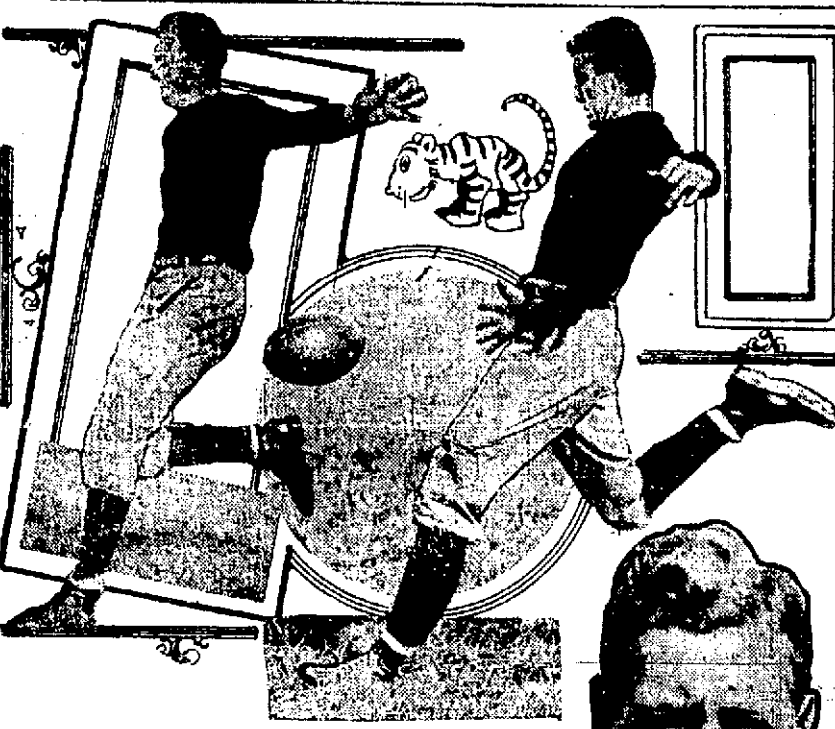

A Friendly Cigar

General Arthur is good company to keep. Too mild to tax the nerves. Too mellow and smooth to irritate the throat. And too tasty and fragrant to class with other cigars at the price.

BAKER, HEYNIGER AND LAW THREE OF PRINCETON'S HUSKIEST

Heyniger (left), Law and Baker (bottom.)

Captain Baker, Heyniger and Law are three of the huskiest players on the Princeton eleven this fall. Law is right halfback; Heyniger, left guard. Baker made his mark last year by playing brilliantly in the Yale and Harvard games. Both Law and Heyniger have shown good teamwork in the scrimmages and regular games this year.

WILD HEAVE BY KRAPP LOSES GO

Sacramento Wins Opening Game From Beavers; Shinn Hits

SACRAMENTO, Oct. 21.—A fist fight between Bill James, a Portland pitcher, and Manager Harry Wolverton of the Sacramento club, staged behind the bleachers here today, just before the opening of the game, ended with James being returned a winner. Wolverton was knocked unconscious by the fall Portlander. Today's fight, it is said, was the climax of a feud which began when James was with Cleveland and Wolverton was leading the New York Americans. Wolverton, it is said, took offense today at some remark of James and attacked him.

Shinn drove in two runs with a sacrifice fly and a single. Lewis drove in one run, and the fourth tally was scored on an infield out after Stark had singled and taken third on Krapp's hit. Krapp's hit threw in the fifth inning gave the Beavers their one run. Score:

MISSING YOUTH IS FOUND BY MOTHER

Clue Showing Death By Poison Is Shown to Be False

SAN FRANCISCO, Oct. 21.—Young Richard Flint, who disappeared from his home in Berkeley on Monday under mysterious circumstances, was located by his mother tonight at Morgan Hill, south of San Jose.

Information as to the whereabouts of the youth came from the mother of the San Francisco girl he visited on the night of his disappearance. The girl received a letter from young Flint from Morgan Hill today and Mrs. Flint left tonight to bring him home.

Coincident with Flint's disappearance, it was found the same arsenic arsenic on food in the Flint residence. The mother was convinced that her son had been murdered and offered a reward of \$1000 for information about him. The police on both sides of the bay have searched for him for the last 24 hours.

DOMINICAN REBELS AGREE TO A PEACE

SAN DOMINGO, Dominican Republic, Oct. 21.—The Dominican rebels at Puerto Plata agreed today to accept the conditions of the treaty of peace which sometime ago was arranged through the efforts of James M. Sullivan, American minister to the Dominican Republic. Hostilities have ceased.

LECTURES ON MAGNETISM

ST. LOUIS, Oct. 21.—Professor E. F. Nipher of Washington University, in a lecture before the Academy of Science here last night, told of experiments which he conducted last summer on the shores of Lake Huron, which indicated that variations in the magnetic field of the earth are due to wind, rain and cloud shadows interfering with the solar rotation. The experiments were characterized by Professor T. J. J. See, director of the Mare Island naval observatory, who heard the lecture, as the most notable contribution to the science of the earth's magnetism in the last 50 years and as absolutely conclusive.

DAUNER APPEALS FROM DECISION

Files Counter Protest Declaring Coliseum Have Not Signed Brazill

Reg. Dauner, manager of the Coliseum, has appealed from the decision of President Garman on a protest entered by Manager Rescoe Ford of the Coliseum last Sunday. A meeting of the Fresno Winter league directors will be held at 7:30 o'clock this evening in the Brunswick.

Ford protested the game on the grounds that Pitcher Cook had not been signed before midnight. Saturday night as the rules, previous to amendment, stipulated that players must be signed before midnight. At the meeting of directors Monday night, the president sustained the protest, which put the Coliseum in the bad and broke the triple tie.

Dauner claims that he was unable to locate the president Saturday night and, so long as he stayed out of the game, he believes he should be allowed to use him without a protest from other managers.

Dauner filed a counter protest yesterday against the Coliseum, declaring that James Brazill, third baseman, had never been signed and was not under contract to the club at the time of the game with the Arcades Sunday.

By a mutual agreement between Garman, Manager Bradley of the River City Coliseum and Ford, Brazill was loaned to the Coliseum. Dauner declares that Brazill was loaned for only two games under the mutual agreement and to play the third game Sunday was a violation of the league rules.

WHITE SOX DEFEAT GIANTS OF GOTHAM

PEORIA, Ill., Oct. 21.—Tying the score in the sixth inning, with a sacrifice fly by Sam Crawford, the Chicago White Sox hammered out a victory over the New York Giants here today in the eighth inning, by bunting double, single, triple and two singles for three runs, which gave the American Leaguers the game by a score of 6 to 4. Score:

R. H. E.

White Sox	5	10	2
Giants	4	7	0

MINNESOTA WILL PLAY NORTH DAKOTA SATURDAY

MINNEAPOLIS, Oct. 21.—The attempt of Coach H. L. Williams of the Minnesota football team to cancel his engagement with the University of North Dakota, has failed and the game will be played here next Saturday, as previously announced.

North Dakota refused today to listen to the proposal of the Minnesota coach. Dr. Williams' reason for wishing to take on some other team for Saturday, he announced, was that the North Dakotans were not strong enough to give the local men fair practice.

ALL-STAR RUGBY MATCH FOR STANFORD FIELD

STANFORD UNIVERSITY, Cal., Oct. 21.—An all star intercollegiate rugby game on Stanford field between northern and southern California on Thanksgiving Day is under consideration by Skull and Snakes, the senior society.

With the sanction of the California Rugby Union, a committee familiar with local conditions will be named to choose the fifteen, and, if the proposed game is a success, it is hoped to make it an annual affair.

FOUR KILLED BY TRAIN

CHICAGO JUNCTION, Ohio, Oct. 21.—Mrs. William Harwood, her two small sons 8 and 3 years old, and her mother, Mrs. Frank Weeks, of this place, were instantly killed today at Nova, near here, when a buggy in which they were riding was struck by a Baltimore and Ohio express train. A freight train obscured the approach of the express and when Mrs. Harwood drove on the track the accident resulted.

FREAK HOME RUN WINS FOR ANGELS

Goodwin's Drive Bounds Over Heads of Two Fielders for Circuit

LOS ANGELES, Oct. 21.—Goodwin's freak home run in the first inning of today's game with Oakland enabled Los Angeles to win the opener of the season's final series. The score was 2 to 1. Both Pruitt and McKeury, the Angels' recruit heavier from the State league, pitched in fine form, the former allowing but three hits.

In the first inning Muggert drew a base on balls and advanced to second on an infield out. Goodwin's drive bounded over Pruitt's head and took another bound as Zachar was about to gather it in. The ball followed the fence and Goodwin completed the circuit scoring Muggert ahead of him. Score:

REFEREE'S DECISION CAUSES CONTROVERSY

WINNIPEG, Man., Oct. 21.—Supporters of Young Stoll and Fred Welsh are dissatisfied with Referee Foley's decision last night and claim that a clean blow knocked out Freddie Welsh, the English fighter. Before the referee made the British decision on a foul, a heated discussion took place with both sides claiming the match.

SAILOR PETROSKY TO FIGHT BENZ AT BUTTE

SAN FRANCISCO, Oct. 21.—Sailor Petrosky, the middleweight trial horse, has been matched, according to an announcement today, to fight a limited round bout with Leo Benz at Butte, Mont., on Thanksgiving Day, November 1 to begin his training.

FRESHMEN WIN

The Freshmen team of Fresno high school yesterday defeated the Juniors of the same school, 8 to 6. Preston of the winners lifted the ball over the fence.

FINED FOR ATTEMPTING TO FORM DRUID ORDER

SAN FRANCISCO, Oct. 21.—For violation of an injunction forbidding them to take any steps toward forming a new order of Druids in California until litigation between the local grove and the supreme grove of Indianapolis had been adjudicated, four men were today given the alternative of paying fines of \$250 each or serving five days in the county jail. The penalty was imposed by the Superior court upon Attorney George H. Baner, Julius Goodwin, James F. Martinotti, and Frank Desanti. They obtained a ten days' stay of execution.

Fresno Track Quintet Now Ready for the Portola Meet

READING FROM LEFT TO RIGHT: W. F. PARKER, H. C. BRITTON, PHYSICAL DIRECTOR CHARLES H. TOOZE OF THE Y. M. C. A., GEORGE HOPKINS, FRED TWINING.

The five picked runners of the Fresno Young Men's Christian association who are entered in the Portola championship track and field meet in Golden Gate Park Stadium Saturday are on edge for the coming contest, wind proving excellent and speed much improved at a work-out held at the county fair grounds late yesterday afternoon.

Handicapped by lack of consistent practice and training for several months past, the Fresno runners have been developing rapidly in the time

which they have had to train and are expected to acquit themselves well in the coming meet, though they will face some of the best amateur sprinters on the coast.

The young men were whirled out to the fair grounds last night in an automobile and after warming up tried the 440 dash on the track, making far better time than in the try-outs held there. Exercise over, the machine brought them quickly back to the Y. M. C. A., where cold showers and a rub-down finished off the day's work and preceded catching cold.

In past performances, George Hopkins, Fred Twining and Irving Toomey have made good records at Fresno high school, and H. C. Britton starred in the New York and the Seattle Athletic clubs. W. F. Parker, whom Physical Director Charles Tooez of the Y. M. C. A. declares has the build for a long distance runner, has never appeared in track circles heretofore.

All of the men will be entered in the relay, each running 440 yards, this event being for the Portola cup. In addition to entries in the relay, Hopkins will enter the high jump and 440-yard run, Toomey in the half mile, Britton in the 120-yard hurdles and 120-yard dash, Parker in the mile and half mile, and Twining in the 100-yard dash and 220-yard hurdles.

Owing to the numerous entries in the half and quarter-mile runs, elimination heats will be run off in the morning Saturday next and the finals in the afternoon.

The five men—or four if Toomey is compelled to play with his high school team which encounters Stockton in Rugby next Saturday—will be accompanied by Director Tooez and will have all expenses paid. They will go up Friday evening and make their headquarters at the Hotel Sutter in San Francisco.

ELEVEN TO BE TRIED FOR PRIZE FIGHT

Jury to Pass On Bout that Resulted in Death of Young

LOS ANGELES, Oct. 21.—Jess Willard, the heavyweight prizefighter, and ten others of the twelve concerned in the bout in which John W. Young was fatally injured at Vernon arena, August 22, must stand trial for alleged violation of the state law prohibiting prizefighting.

Judge Gavin Craig, of the criminal department of the Superior court, overruled today the demurrer of the defendants had entered to the complaint filed against them, and denied the motion of their counsel to set aside the information.

The defendants' counsel immediately took an exception to the court's action.

W. J. Ford, assistant district attorney, then asked that the information against Eddie Webster, a second at the fight, be dismissed on the ground that Webster had not figured prominently in the affair.

When the judge had discharged Webster, he called upon Willard and the other ten, including T. J. McCarey and Al Green, who promoted the fight, to plead.

Each man answered "not guilty."

Their trials were set for January 7, 1914.

In overruling the demurrer, Judge Craig gave a definition of a prizefight.

"A sparring match is one in which two persons attempt, through skill and science, to strike each other and to avoid being struck, in which there is no attempt to inflict serious injury and in which the incentive to win is not through a 'knock-out,' but through skill in boxing."

Judge Craig said he believed a jury should decide whether the offense charged in the present case was a prizefight or a sparring match.

A trial of such a case by a jury would be a new departure in jurisprudence, according to interested attorneys, and the result would be of extreme importance in determining the future status of boxing in California.

The court's action, in overruling the demurrer, was expected to result in more arrests of prizefighters, as Assistant District Attorney Ford indicated such a course would be pursued.

His remarks were believed to pertain especially to Joe Asavevo and Johnny Danes, lightweights, who fought twenty rounds at Vernon October 14, but who left Los Angeles the next day.

LEA ESTATE DISTRIBUTED

LOS ANGELES, Oct. 21.—Final distribution of the estate of General Homer Lea, the Californian who figured prominently in the overthrow of the Manchurian dynasty in China, was ordered today.

Lea's estate, consisting of cash and stocks, valued at \$6,230. The widow receives one-seventh under the will, but two daughters, who were allotted the remainder, have transferred their interests to their mother, General Lea died at his home in Santa Monica on November 1, 1912, shortly after his return from the Orient.

TYPIST RECORD BROKEN

NEW YORK, Oct. 21.—An all world's record for typewriting speed was broken at the National Business Show tonight by Miss Margaret B. Owen of this city who wrote 125 words a minute during an hour's dictation.

The previous record was 117 words. Miss Owen was awarded a silver trophy valued at \$1,000.

Emil A. Tresegar was second with a speed of 120 words, while his brother, G. R. Tresegar was third with 117 words a minute.

BORAH WILL SCORE MILITANT METHODS

If Invited to Speak On Same Platform With Mrs. Pankhurst

WASHINGTON, Oct. 21.—Senator Borah of Idaho has written the "Woman's Political Union of Newark, N. J." that he will not take part in any suffrage gathering where Mrs. Emmeline Pankhurst appears without taking the opportunity to denounce militant methods.

"While I am most anxious to assist in the cause," wrote Senator Borah, "I will not be silence or by the most ineffectual way seem to endorse the vicious principles which have been involved in the fight for woman suffrage in other countries."

The senator had been invited to speak in Newark Saturday night.

CONVICT CLAIMS SHARE IN QUARTER MILLION

SAN FRANCISCO, Oct. 21.—Thomas Ryan, a convict in San Quentin prison, serving the last year of a five year term for burglary committed in this city, expects to share in a \$250,000 estate left recently by a wealthy relative who died in England.

Ryan has engaged attorneys to take care of his interests until he is liberated next January.

Ryan is serving his third term for burglary.

MEDIOCRE OPERA BY CROWN PRINCESS

ROME, Oct. 21.—"The Bizarre Princess," an opera written by the former Crown Princess Louise of Saxony and her husband, the pianist Tezzelli, was given its first production at the National Theater here tonight.

Curiously as to the nature of the opera attracted a great audience, but critics pronounce the work mediocre.

WOMEN SUCCESSFUL AS ELECTION OFFICIALS

BURLINGAME, Cal., Oct. 21.—After expressing the returns of the school bond election held here last Tuesday, District Attorney Franklin Swarth has concluded that women make the best election officials. Not one mistake in the count was found, the first clean record since Swarth held office. The four women who officiated at the election had had no previous experience.

GOVERNMENT ARCHITECT SHOWN FIT TO MARRY

WASHINGTON, Oct. 21.—Homer R. Terrill, a government architect of this city, got the first eugenic certificate issued today by the United States public health service.

Terrill, about to become a bachelor, went to Surgeon General Blue and asked for an examination. The doctors put Terrill through the most approved line of investigation and pronounced him fit.

Terrill's fiancée previously had been examined by her own physician.

THREE HOLDUPS CAPTURED

SAN FRANCISCO, Oct. 21.—Three highwaymen dodged bullets from a dozen policemen today while trying to escape capture, but were finally run down in the wholesale commission district, near the water front. They were held as suspicious characters, although the men they are believed to have robbed and beaten was too drunk to identify them.

TELL STORIES OF DURANGO HORRORS

Outrages Committed By Insurgents Upon Americans —Looting Everywhere

SAN DIEGO, Cal., Oct. 21.—Terrible tales of outrages in the state and city of Durango, Mexico, were related today at the Red Cross headquarters by refugees awaiting transportation to their destinations. They state that little of the revolting truth has been told in the United States.

"One of the worst outrages discussed on board the 'Huford,'" said Mrs. Mary Towelston, of Durango, enroute to Carrazon, N. M., "was that inflicted on a young American and his wife at Durango. The rebels of General Carranza seized the couple in their home. They raped the husband and tied his wife to her bed where they finally killed her."

"Twenty-seven Americans were lined up against a building in Durango to be shot by these Carranzistas but just as the first was to be shot, a Mexican maid rushed in front of him and pleaded with her countrymen not to shoot. Other Mexican girls also ran up and through their efforts with the Mexican rebels saved the Americans, for the time, at least."

"While there has been some restraint of murder and robbery of Americans, there has been none for the rich Mexicans. All through Durango, the fine residences of the wealthy have been turned into stables for the rebels. It is common to see the fine houses with horses' heads sticking out of the parlor windows while the wives of the rebels are parading around dressed in the silk gowns of the rich, diamond rings almost covering their hands, costly necklaces about their necks and all manner of jewelry displayed."

"Whatever the rebels seize and cannot use immediately, they burn to prevent its recapture. Men and women, robbed of all clothes and property, cannot get more if they do find means for all the stores have been sacked and shut up."

"One man, rancher Manzanillo, from Durango entirely nude, according to the group of refugees. Another, W. L. Dawson, who started with over \$1,000, reached the port with only a shirt and a pair of trousers, the rebels having robbed him on the way of even his shoes and socks and hat."

NO UNIFORMS FOR NEW POLICE WOMEN

SAN FRANCISCO, Oct. 21.—Three women were sworn in today as police officers of this city. They will wear no uniform, but later will be given some insignia of office not yet chosen.

The police women are Mrs. Katherine O'Connor, wife of a deputy sheriff, and another of three children, Mrs. Margaret Higgins and Mrs. Katherine Elsenhain.

Mrs. O'Connor has been a sociological worker and is said to enjoy the confidence of the women of the city.

World better than any other person in San Francisco, Mrs. Higgins has been a familiar figure in Democratic politics in the mission district.

FOUR THOUSAND UNION PAINTERS AGAIN AT WORK

CHICAGO, Oct. 21.—Four thousand union painters who have been on strike for two months returned to work today. The union will pay a fine of \$2,000 under protest to the Building Trades Council and take an appeal to the American Federation of Labor.

ASK CANDIDATE TO SUBSTANTIATE CHARGES

NEW YORK, Oct. 21.—The grand jury drafted a letter today requesting John Purroy Mitchell, Fusion candidate for mayor, to appear before the body and tell what he knows about the alleged colonization of voters by Tammany leaders.

TO INVESTIGATE SMELTERS

SACRAMENTO, Cal., Oct. 21.—Dr. W. F. Snow, secretary of the state board of health, Dr. Cook, state horticultural commissioner, and Dr. Charles Keane, state veterinarian, comprising a commission named by the last legislature to investigate and report on the damage done to animal life and vegetation by the waste products and gases from smelters. It left this evening for Redding to investigate the smelters in that vicinity. They will report to the governor.

DECLARE PRIEST SANE

NEW YORK, Oct. 21.—Hans Schmidt, the priest, who confessed to playing Anna Ammiller, and dismembering her body, was sane when the murder was committed, according to the report of four alienists who examined him. The report was made public today by District Attorney Whitman.

BUSCH'S BODY ARRIVES

NEW YORK, Oct. 21.—The body of Ambrosius Busch, the millionaire brewer and philanthropist, arrived here today on the steamship Kronprinz Wilhelm and was transferred to a five-car special train to be taken to St. Louis.

Mr. Busch died on his estate in Germany on October 14. He was 74 years old.

CATHOLICS TO BUILD CHURCH IN OILFIELD

Members of Denomination At McKittrick Complete Arrangements

McKITTRICK, Oct. 21.—Residents of this city, Reward and vicinity, who are members of the Roman Catholic church, have completed arrangements for the erection of a church building in McKittrick, and the site having been selected, work on the edifice will begin this week. The structure will be of the long-styled style of architecture, and furnished in a most tasteful manner, the altar and seats being supplied through the courtesy of the church in Bakersfield. It is estimated that two weeks will be required for the completion of the building, and, when finished, it is to be dedicated with very impressive ceremonies. It is the purpose of the congregation to hold monthly services, and, once established, the church will no doubt attract worshippers from every section of the West Side oil fields. Rev. Thomas Morris, of Bakersfield, who conducted services here a few days ago, was much impressed with the interest manifested by local members of the church, in the proposed new building, and, after the matter had been discussed to some extent, the enthusiasm was so apparent that no time was lost in bringing the movement to a satisfactory conclusion. Services have been held here at intervals within the past few years, by priests from Bakersfield, the use of buildings being tendered, but the desire for a church structure to be owned and occupied by adherents of the faith became strong and has resulted in the long-considered plans approaching completion. Subscriptions to the fund necessary for the construction of the edifice have been generous, and show at the head of the movement have every reason to be gratified on account of the progress already made and the success which, without doubt, will finally crown their labors.

CLOVIS NEWS NOTES

CLOVIS, Oct. 21.—Rev. Guy M. McKittrick filled the pulpit of the First M. E. church both morning and evening on Sunday. He took for his morning subject, "An Ideal Code of the New Testament." His evening sermon was upon the text, "How a Little Man Became Big Without an Increase in Stature." At the Epworth League, new officers were installed.

Max Vestrup is still confined in the Burnett sanitarium in Fresno due to injuries sustained when six weeks ago his motorcycle collided with an automobile. The wounds will require several weeks more to heal.

Rev. J. M. Weeks of Merced has been appointed as pastor of Grace M. E. church.

Rev. O. L. Russell, former pastor, has been transferred to Clinton, where he will occupy the pastorate.

The sidewalk work is still progressing. A contract has been let for front porch, between Fifth and Fifth.

The window decorating contest has proven quite an incentive to improve window dressing among the different stores about the town.

J. E. McKittrick has been employed as an electrician by the San Joaquin Light and Power Company at Lodi.

J. A. Wilson of Chicago, accompanied by his son, who is a graduate of the College of Agriculture of Wisconsin State University, are visiting W. M. Heymer. Young Wilson will spend the winter here and vicinity, studying conditions.

The home of Henry F. Good on West Fifth street here has been completely remodeled and renovated.

After a severe illness, Mrs. James Turner is reported to be on the road to recovery.

Miss Ada DeGraw is spending the winter with her mother, Mrs. G. A. Churchill, in Webb, Ariz.

Curtis W. Beall, owner of the unsold section of the Clovis cemetery, intends to improve and beautify it with flowers and shrubs. He is also making plans for the installation of a pump and a large supply tank for water. He will have a superintendent in constant charge. He desires that the property owners co-operate with him in the beautifying of the cemetery.

Mrs. E. S. Nevins, who has been in Santa Cruz through the summer for her health, is expected to return Saturday.

OILFIELDS CHURCH HAS NEW MINISTER

McKITTRICK, Oct. 21.—Rev. J. H. Anis, who was assigned to the Southern Conference of the Methodist Episcopal church to the McKittrick district, held the initial services of his pastorate at the Red Men's hall on Sunday. Mr. Anis, who was formerly in charge of the church in Lancaster, officiated at morning and night services, which were well attended. Sunday school being held at 10 o'clock in the morning. Mr. Archibald Martin, who has long been prominently connected with Sunday school work here and elsewhere, will be the superintendent, and, aided by a corps of efficient teachers, expects to build up a large membership. Arrangements will be made this week for the holding of mid-week services at Reward, which has a large population, and where much interest has always been manifested in religious gatherings. The use of Red Men's hall, one of the most substantial buildings in McKittrick, has been granted for many months past through the courtesy of Yokut Tribe No. 152, Improved Order of Red Men, for public assemblies, and the people of both McKittrick and Reward are deeply appreciative of the generosity of the Red Men.

SOCIALISTS WILL SPEAK IN TULARE

TULARE, Oct. 21.—J. S. Gate, candidate for Congress in the last election on the Socialist ticket, Norman W. Pendleton, head of the department of labor under Mayor Wilson in Berkeley, and Mrs. Prudence Stokes Brown, arrived this morning as the advance guard in the Socialist campaign that is being made through the state. Pendleton will speak Wednesday night at the Pavilion. J. S. Gate will be here on Thursday and Friday nights to deliver addresses and it is also probable that C. W. Kinsley, Socialist member of the assembly, will also be present.

Personal Mention Of Prominent People In San Joaquin Valley

MISS IDA REAGAN has resigned her position as county librarian at Madera, which place she has held for a number of years, and has accepted one at Chico. She was given a farewell reception by members of the Women's Improvement Club prior to leaving.

MRS. LESLIE HAWKINS, of Tulare, has returned from a visit to her old home in Michigan, the first visit in 18 years. While there she attended a family reunion at which were 400 relatives present.

G. E. VOGELER and wife are visiting in Madera from El Paso, Texas, where he is engaged with a large Mexican lumber concern.

MISS PEARL ZALUD has returned to Porterville from a tour of several months in Europe.

O. W. CARR and wife, former residents of Porterville, have arrived from Saskatchewan, Canada. He states that many Canadian farmers are talking of the San Joaquin Valley and the Pacific Coast, and looks for an exodus from there when the canal is opened.

MISS VERA McCORD, a well-known actress, formerly a resident of Hanford, is in San Francisco this week, starting in the role of the eighth in "The Confession" at the Savoy theater.

S. S. WILLEY has returned to Turlock after spending the summer with relatives in Ohio.

GROWERS WILL NOT PICK UNRIPE FRUIT

Orchardists Sign Agreement to Hold Off Till Nov. 5, and Then to Take Only Mature Oranges

PORTERVILLE, Oct. 21.—All but one of the many orange growers of the Turlock district signed a resolution which amounts to a pledge to pick no oranges before November 5th, and then only when the fruit is beyond question mature and palatable. Practically all of the growers of the Plano district have also signed their intention of standing by the growers' agreement.

This was the order of a report submitted yesterday to a mass meeting of the growers held in the Chamber of Commerce rooms, by P. M. Schofield, general committeeman for Worth and Peter Ting, who is serving as the Plano representative on the board. The meeting was held in the Chamber of Commerce rooms, by P. M. Schofield, general committeeman for Worth and Peter Ting, who is serving as the Plano representative on the board. The meeting was held in the Chamber of Commerce rooms, by P. M. Schofield, general committeeman for Worth and Peter Ting, who is serving as the Plano representative on the board.

To complete the reorganization of the Citrus Protective League, under the terms of which organization this year is being done, J. A. McKittrick last evening appointed a special membership committee, including Peter Ting, C. N. Flanders and W. P. Bartlett, all well known orange growers, who are commissioned to secure large percentage of the orange growers as possible for the organization.

TULARE TO EXTEND ITS SEWER SYSTEM

Will Take in Several Sections Not Provided for in Plans; Tests to Be Made of Main

TULARE, Oct. 21.—The trustees last night decided to extend the present plan of the new municipal water system to take in a number of streets not provided for. One extension was ordered on West Tulare street, from California to the city limits. The other extensions will be taken up at a meeting Friday evening.

An estimate of the total cost of the new water system, including the proposed extensions, was made last night at \$95,645.50. The bond issue to build the system was \$100,000.

The engineer was instructed to make a pressure test of all of the old mains and laterals to determine whether they would stand pressure of 100 pounds.

IS CHARGED WITH ROBBERING CASH TILL

MARICOPA, Oct. 21.—Dick Caverly is held pending hearing on suspicion of having burglarized the Gate City Bar which was entered and robbed Saturday night after closing hours. The robber entered the saloon through the back door after having removed the glass from the door and unlocked the lock, and secured \$50 which was left in the register for change for the morning shift. Constable Frank Minner and City Marshal Homer Babcock started working on the case at once, after the discovery was made, and by Sunday night had traced Caverly, by the name of Dick Caverly, as a suspect. It is alleged that Caverly was spending large sums of small change in the saloons and that he could give no account of where he got the money, and it was known that he was out of funds on Saturday.

EGYPTIAN WHEAT IS GOOD DINUBA CROP

DINUBA, Oct. 20.—J. A. Lloyd has some samples of Egyptian wheat, which he grew on his place east of Oroni. From one seed there were thirteen stalks of the wheat, and many of the roots carried half a dozen stalks. The wheat grows like Egyptian corn, and instead of the corn head there is a large loose head like cane, and this has a seed like Egyptian corn. It is estimated that Mr. Lloyd will get six tons of the fodder to the acre, and a ton and a half or two tons of seed. One man in the southern part of the state reported that his crop went forty tons of fodder and 700 pounds of the seed to the acre.

SANGER NEWS NOTES

SANGER, Oct. 21.—A. Martin, of the Bottling Works, has attached the stock and fixtures of the Palace of Sangers, a confectionery store, for a debt of \$23.55 contracted by W. J. Thomas, while he owned the store. Thomas recently sold the place to Beeson and Crabtree, and they have brought suit against him for damages for being closed out by the constable.

Frank Knoch and family left yesterday for Oklahoma.

Mrs. Blanche Hankland is visiting her aunt, Mrs. Thibbe.

J. E. Elwood was tried in the recorder's court today for resisting the roadmaster. He had demanded a jury trial, was convicted and fined \$10.

TO ASK EXTRADITION PAPERS FOR WANGERD

Sheriff Collins Visits Dinuba to Collect Evidence Against Him

DINUBA, Oct. 21.—Sheriff W. W. Collins and District Attorney Frank Lamborn were here today looking up evidence of the haul checks issued by E. C. Wangerd, the absconding Jeweler, which he issued prior to his hurried departure from this city last Tuesday. Three checks were found which had been issued to Dinuba parties, and it was learned several others were sent to parties in San Francisco in payment for jewelry. Sheriff Collins took with him evidence he has secured and took to Sacramento and ask for extradition papers for Wangerd from Governor Johnson to the governor of Louisiana. Sheriff Collins expressed doubt as to his ability to extradite him. He refused to state his reasons.

The capture of Wangerd was made by Pinkerton detectives, who traced him by means of his heavy baggage, one of the trunks weighing 700 pounds.

The safe in Dinuba was opened by officers, and only a few watches were found. The day before his departure Wangerd replaced all jewelry in the show window with out glass, and was engaged in packing the jewelry in his trunk.

He took the 11 o'clock train Tuesday night out of Dinuba, and went to Los Angeles, leaving a sign on his door that he would be back at 10:30. His absence was not noted until the second day after he had left the city, when suspicions were aroused, and the bank attached the store.

Local people began looking for the safe on Monday, and only a few watches were found. The day before his departure Wangerd replaced all jewelry in the show window with out glass, and was engaged in packing the jewelry in his trunk.

ARREST MAYOR FOR LEAVING HIS AUTO AT CURB UNLIGHTED

PORTERVILLE, Oct. 21.—Mayor J. E. Tetrault drove his auto to the curb in front of the city offices on Mill street last evening, went to attend the council meeting, neglecting to light the lamps. Under of Police Officer J. E. Tetrault, who was on duty at the time, found the auto at the curb with a small red car on which is the formal notice to appear in police court and tell the judge about it. The mayor appeared before Judge Hall this morning and was so eloquent with his excuses that he was excused after a lecture and a warning.

BURGLARIZE TURLOCK STORE; SECURE \$175

Two Boys Confess; Lured to Commit Crime By Wayward Cousin

TURLOCK, Oct. 21.—Filled with promises of a cow boy career in Nevada, made to them by their cousin, George Noble, to Los Angeles, Clell and Marion Smith Sunday night assisted the former in burglarizing the store of the Turlock Drug Company, and robbing the safe of \$175. The Smith boys are now in the custody of the sheriff, while young Noble made his escape with the greater portion of the spoils.

Young Noble came to Turlock about ten days ago, ostensibly to pay a visit to his cousin, the Smith boys. Smith, who is in Los Angeles, notified City Marshal Vary, early last week to look out for Noble, as he had a bad record and was out on probation from the Los Angeles juvenile court for theft. Vary warned the Smiths against their cousin, but the warning was unheeded.

Just before closing time Sunday night, Clell Smith, who works for the Turlock Drug Company, loosened the fastening of the window in the laundry. After the store was closed, the three boys made their entrance through this window. Clell Smith discovered the combination to the safe on a shelf, where it had been written for reference. The safe was then opened and the cash drawer rifled.

The boys then fled to the laundry, and drove to Denair, four miles east of this city. Young Noble gave the Smiths about \$25 and pocketed the remainder. He then brought a ticket to Bakersfield, and left on a southbound Santa Fe train at 12:50, after assuring his cousin that he would speedily return and take them to Nevada and make cow-boys of them.

The boys then drove the rig home, and Clell Smith went to work in the drug store Monday morning as usual. The loss was not discovered until nearly noon and the matter then placed in the hands of the local officers. Having been warned as to young Noble's character, the officers immediately suspected him and the Smiths. The latter were given a thorough "sweeping," and they finally brought in a cold lead.

The Smith boys are aged 17 and 18 years, have been living alone in their home on Mitchell avenue for about a year, their mother having been in Los Angeles during that time. Their father died when they were infants. This is the first time they have been in trouble.

Sheriff Dingley and Probation Officer Remenschneider were in town this afternoon and the case was turned over to them by the local officers.

The Noble-boy has not yet been captured, but officers throughout the valley have been notified to be on the lookout for him.

Births, Deaths and Marriages in the San Joaquin Valley

BORN

LINDLEY.—In Porterville, Oct. 19, 1913, to the wife of W. W. Lindley, a daughter.

PARSONS.—In Porterville, Oct. 19, 1913, to the wife of Charles Parsons, a son.

KING.—In Sanger, October 20, 1913, to the wife of A. W. King, a daughter.

ENGAGEMENTS

SHIBLEY-HURLEY.—Announcement is made of the wedding of Mrs. Bertha Shibley and Timothy Hurley, both of Turlock, which will take place at Caruthers, Nov. 21, 1913.

MARRIED

HARP-LANDREY.—In Visalia, Oct. 20, 1913, Charles J. Harp and Carrie P. Landrey, both of Visalia.

VALLEY BOOSTERS WILL VISIT SOUTH

Plans to Run Special Train From Citrus Belt to Los Angeles While the Tourist Rush is On

PORTERVILLE, Oct. 21.—Plans are now being worked out for a special train of Porterville boosters to visit Los Angeles during the present influx of Eastern tourists and spread among the Southern California towns the gospel of the Porterville district of San Joaquin Valley. Arrangements have been had from the officials of the Southern Pacific railroad that they will co-operate with the Chamber of Commerce in giving a special train at a very low rate. It will be the purpose to secure upwards of 150 business and professional men, orange growers and dairy owners to make the trip.

RED MEN CONFERENCE

McKITTRICK, Oct. 21.—At the regular session Wednesday night of Yokut Tribe No. 152, Improved Order of Red Men, the warrior's degree will be conferred with the appropriate ceremonies of the order. The council has installed J. A. Coleman as Sachem, John Ramage as Senior Sagamore, and C. H. Way as Junior Sagamore, and is planning for an active campaign in the matter of increasing the membership. The social feature of the order is to be made quite prominent, the intention of the council being to give a series of entertainments, beginning next month. Yokut Tribe is composed of progressive business and professional men, and has achieved well merited success.

CLARENCE M. SMITH WILL BE AT TULARE

Bay City Banker Will Give Talk to Dairyemen; Other Prominent Speakers

TULARE, Oct. 21.—Clarence M. Smith, a prominent San Francisco banker, and a member of the commission recently sent from the United States to Europe to investigate agricultural and financial conditions, especially with reference to farm loans on the European system, has been secured to speak before the joint convention of the State Dairymen's Association and the State Creamery Operators, to be held here the first of next month. He will speak on Thursday afternoon, November 6, between 1 and 2 o'clock, and will take up "Agricultural Conditions as They Prevail in Europe." The committee feel very fortunate in having secured Mr. Smith to talk on this subject.

Other prominent speakers at the convention will be A. J. Pillsbury, president of the Industrial Accident Board of California, who will talk on "Liability and Compensation Insurance," F. W. Anderson of San Francisco, who will take up the works of the State Dairy Bureau; C. L. Mitchell of Los Angeles, who will speak on "The Future of Co-operation," S. H. Green, president of the Creamery Managers' Association, of San Francisco; Prof. C. M. Hartling, of the University of California; President J. W. Gullerson, of the State Dairy Association; Wm. F. Snow, secretary of the State Board of Health; S. A. W. Carver, secretary of the State Dairy Association; E. A. Mott, secretary of the Tulare County Board of Trade; S. O. Walker, president of the Tulare County Dairymen's Association, and Prof. Leon M. Davis, of the University Farm at Davis.

Much will be furnished by the Tulare High School band.

On Saturday afternoon, the last day of the convention, Tulare citizens will entertain the visiting dairymen by taking them over the county in automobiles. In the evening a banquet will be given by the Tulare Board of Trade and the Woman's Club.

VISALIA IS TO VOTE ON LICENSE QUESTION

Petition for Election On Ordinance Similar to One In Modesto Is Started

VISALIA, Oct. 21.—The wet and dry fight is to be opened up again in Visalia. An ordinance similar to that which is in effect in Modesto is being framed and will be circulated in a few days. This initiative petition will call upon the city trustees to license saloons under certain restrictions.

The history of the wet and dry situation is interesting. Two years ago an election was held which resulted in 511 votes favoring the licensing of saloons and 506 against it. The city trustees, however, were elected on a no-license platform and refused to allow the saloons. A year later another election was held in which the drys were victorious by 300 votes. Since that date the business interests have attempted to keep the agitation of the question though at all times there has been a strong feeling of unrest.

REDELEY, Oct. 20.—The State Railroad commission has granted authority to the Redley Telephone company to issue 2500 shares of its capital stock, of the par value of \$1 per share, for the purpose of making certain additions to its telephone system in the city of Redley.

Schools In Tulare To Try Experiment of Group Teaching

TULARE, Oct. 21.—One of the most interesting experiments being tried in the Tulare schools at present is "group teaching," as it is called by Supt. Walton. So far as it has been put into practice, it has proved successful and new plans are under way to have the method extended. It was brought up for discussion at the teachers' meeting, held at the high school this noon. An interesting feature of the meeting was the serving of a fifteen cent lunch to the teachers by the members of the domestic science class.

Group teaching was first started in the Tulare schools two years ago in the six lower grades of the grammar school. It has been worked out successfully, there and is now regularly used in the reading and spelling classes. It was only this year that the idea was extended into the high school. Miss Pearl Williams organized her senior English classes into groups, and allowed each group to conduct their own work under her general supervision. The experiment proved more than successful in this class and was extended to the first year Spanish class under Miss Florence Bowes. Now the work is to be extended to the second year Spanish class under Miss Boves to the senior history class under Miss Ella Beaver.

The plan of the work is simple. A class is divided in groups of five or six, and each group is placed under a leader. Each leader is given a list of questions by the supervising teacher, and may ask questions of his or her own as they occur. All the groups are carrying on a discussion of the work at the same time in the same room, but in such a way that the discussion is not heard out of the group. Where one student would ordinarily be talking or reciting from five to ten may be talking or reciting by the group method. This gives a chance for much more individual work, and the classes progress more rapidly and get a better knowledge of their work. It seems to work equally as well in the lower grades of high school work as in the lower grades of grammar school work.

DROP DAMAGE SUIT AGAINST M'OWAN

Edmund Burke, of Los Angeles, Had Instituted Action for \$50,000; Other Kern Court Cases

BAKERSFIELD, Oct. 21.—The suit instituted by Edmund Burke of Los Angeles against Barclay M'OWAN of Bakersfield, for \$50,000 damages for services rendered in March, 1908, has been dropped for want of prosecution. The case was not present in court, or represented by an attorney. The suit was filed May 21, 1909.

PAROLE FOR BOLING HELD UP PENDING SETTLEMENT

Judge Church Says His
Crime Was Not One of Im-
pulse But Deliberate

Prisoner Is the Grandson of
a Historic Pioneer of
Early Days

J. W. Boling, the grandson of a historic pioneer, was disappointed yesterday in his expectation of a release on parole after pleading guilty to uttering a \$220 check cashed by F. Bligh, a merchant, who had only 25 cents in bank. Judge Church said he had as much sympathy as any man in his composition, and possibly had erred at times in exercising that sympathy in criminal cases. He declared further that Boling's crime was not one of impulse of the moment, but of deliberation especially in the light of the probation officer's report and for that reason he was not prepared to grant parole, at least not until Boling's financial obligations are straightened out.

The plea for parole was made for Boling by Attorney James A. Burns, seconded by Attorney George Cosgrave representing Boling's mother, who has undertaken to settle with creditors to the extent of 75 per cent of the man's money obligations. Judge Church continued his decision on the parole application for one week to await further developments.

Young Boling is a native son of this country, born in 1881, married and the father of one child. He went into the grain business under the name of Boling Bros., trying, however, to do a larger business than he had capital to run, according to the report of Probation Officer Sessions. That report further said:

"So far as the probation officer has been able to learn he has never been convicted of any crime previous to the offense under discussion. This, however, is the culmination of a long series of questionable transactions, the most serious of which, according to the probation officer's best information, was the selling of grain by warehouse receipt with no grain in storage. He also signed his father's name to a note without authority. The defendant admits that he formed the habit of drink and he pleads that many of these things were done when he was under mental stress or under the influence of drink. Although his liabilities amount to over \$2000, most of those who have had dealings with him have found him to be honest and reliable in his business with them."

Officer Sessions assured the court that Attorney George Cosgrave, who represents his mother, Mrs. M. A. Boling, states that security will be provided to liquidate all indebtedness, provided he is placed on probation, further stating that all to whom he owes money have said that they would take no steps to prosecute him if the matter is settled in this way.

Judge Church was also informed that the Boling Bros. have about seventy mules and horses with harness and tools and that an arrangement has been made for them to work for F. A.

ATTACK ON NEW LINES IN CHINESE GAMBLING CASES

The motions in the Superior Court to displace by summary dismissal of the Chinese gambling injunction cases because of the "unreasonable delay" in bringing them to trial have brought to light changes in the law on procedure that apparently were not borne in mind when the motions were filed. The law's changes have also provided a change in the campaign to rid the calendar of the legal barometer by filing answers and forcing the cases to early trials on the issues.

The idea of vacating the temporary restraining orders by which the Chinese gamblers enjoined the remedy which they sought on permanent injunction was under section 527 of the code of procedure which reads:

No injunction granted prior to the trial of the cause shall continue in force longer than two months after answer is filed, except by consent of the parties, unless the cause has been set for trial upon its merits or unless the party in whose favor it was granted has sought to have the cause set for trial, and the failure to set it has not been due to his fault.

This section has been changed by an amendment of February 5, 1911, substituting the above provision, providing another course of procedure as to injunctions and declaring as follows:

When the cause is at issue it shall be set for trial at the earliest possible date, and shall take precedence of all other cases, except under matters of the same character and matters to which special precedence may be given by the law.

The motion to dismiss the gambling cases have been contested under section 527 of the code that "The court may in its discretion dismiss any action for want of prosecution on motion of the defendant, and after due notice to the plaintiff, whenever plaintiff has failed for two years after answer filed to bring such action to trial."

This section also provides for dismissal on motion of the defendant on notice or by the court on its own motion unless such action is brought to trial within five years after the defendant has filed answer, except where stipulated in writing that the time may be extended.

No case has been pending two years, though in a number of them the city has been found at fault in not having answers filed, so that the cases were not ready for trial. City Attorney Smith, now that he has taken up the cases that came to him as licensee, has recommended that the cases be answered and insisted upon the amended law upon trial at the earliest possible date to the precedence of all other cases.

Cleveland of Corcoran, under stipulated conditions, that Boling move away from Fresno with his family and abstain from drink, Cleveland, paying him one-half of what he owes and crediting him with the other half. It was recommended that when satisfactory arrangements are made with the creditors the defendant be placed on probation.

Boling is a grandson of the Captain Boling, who commanded a company of Major Savages' Mariposa Battalion which in the primitive expedition against Indians for marauders of the whites followed the fugitives into the Yosemite Valley in 1850 and was the first large party of whites to explore the wondrous scenic region.

Sheriff Walter McSwain and Chief of Police Thomas Coyle will go to San Francisco next Thursday evening to be in attendance at the state meeting of the officers which will be held on the evening of the 24th. The California Sheriff's Association will convene on Friday evening to discuss things relative to work of the officers in this state. While the meeting is for the sheriffs, the chiefs of the police departments in the different cities have been extended invitations, as the work of the two offices are in conjunction. While in San Francisco the sheriffs and chiefs of police will be the guests of the Portola committee.

EMPEROR GRAPES BADLY DAMAGED BY FROSTS

Fully 25 Per Cent of Crop
Ruined, Estimate of
Fruit Men

Shippers Have Been Culling
and Rushing Out
Injured Fruit

The frosts that struck this section on October 8 and 9, did far more damage to the Emperor grape crop than was at first realized and it is conservatively estimated now that more than 25 per cent of the crop, already short, has been rendered unfit for shipping.

The Emperors shipped out in the past two weeks have mostly been from the damaged vineyards although the majority of the shippers have been culling in order to ship only the best fruit. Notwithstanding all care that has been taken, it is admitted that the Emperors that have already moved out, are of inferior quality and that the opening prices will be no criterion of what may be expected later in the season.

It is also reported that since the frosts, many growers who had previously contracted their grapes, have been endeavoring to get the contracts nullified, because of the sharp advance that has resulted in the price of Emperor grapes.

Malaga were also damaged to some extent by the frosts but not as heavily as the Emperors because the bulk of these grapes had already moved out. The frost did not strike the vineyards, inflicting the most injury on those in the low lands and on the vineyards on high ground escaped unhurt. Those in the low places were badly hurt, however, and are now plainly showing the damage that was done.

The shippers have been handling the damaged fruit first because of early shipping they were able to prevent a large part of it from becoming altogether worthless. The grapes that were hurt have been dropping from the bunches and the longer they are left on the vines, the harder it is to handle them because the dropping becomes worse.

Every effort is being made to get the inferior fruit out of the way before starting the shipment of good Emperors and it is expected that when the undamaged fruit is moved out that good prices will result.

This frost came entirely unexpected because of the early date and as a consequence growers were caught entirely unprepared. It was first stated that the fruit had not been damaged to any great extent but as time wore on and fruit began to drop, growers and shippers realized that fully a quarter of the crop was ruined.

ELKS JOURNEY TO VISALIA TONIGHT

Initiation to Be Put On By
Local Officers; State
Meeting Tomorrow

Eight automobiles, bearing thirty or more Elks will make the trip to Visalia this afternoon to be in attendance at the big initiation this evening which will be conducted by the team from Fresno lodge, No. 429, B. P. O. E.

Visalia Elks are making extensive preparations to entertain the invited representatives from this city and a fine time is assured. The initiation, which degree will be conferred upon some twenty-five candidates, will be followed by a smoker and entertainment with the Visalia Elks as hosts to their Fresno brothers.

Mayor Alva E. Snow, exalted ruler of the local Elks, will lead the van, accompanied by Arthur McAfee, C. H. Staples and W. A. Burwell, officers of Fresno lodge. Eugene Rahill and S. A. Lines of Fresno lodge leave tonight for San Francisco as representatives to the mass meeting of Elks to be held there tomorrow. The meeting is for the purpose of electing delegates from all over the state to decide upon the proposition of forming a California lodge of Elks. The San Joaquin Valley lodge are strong for a union of state lodges and recently passed a resolution at a meeting in this city favoring such action.

POSTPONE EXPRESS RATES ONCE MORE

The express rates within the state of California, which were to have gone into effect on November 3, will not become effective until November 15, according to an order just made by the state railroad commission. It is understood that the extension has been made to give the express companies more time in which to prepare their new tariffs. This is the second extension that has been granted, the first having been from October 1.

When We Examine Your
Eyes We Do
Not Use "Drops"

We use the scientific method. We use delicate instruments to measure the eye. They secure greatest accuracy. They cause no inconvenience. We learn the curvature, the depth, the strength of the muscles, etc. Drops are not needed. We possess the skill that guarantees satisfaction.

REPAINT BUILDINGS DOWNTOWN; CITY BEAUTIFUL POLICY

The results of the city beautiful campaign that is now being waged in this city may be seen on every hand, especially in the downtown district. The latest turn that it has taken is the painting of some of the larger buildings downtown so as to give them a better looking appearance.

The result has been that they loom above their sister buildings on account of their bright appearance and give the surrounding region a better showing. They are pioneers in the movement of beautifying this city.

Among the larger buildings that have been touched up along the policy advocated by those fostering the city beautiful movement are the Land Company building at Mariposa and J streets, and the Hughes hotel at Tulare and J streets.

The ground floor of the Grand Central hotel is also being repainted and gives a much better impression of the city to a passerby than before. Reports have also been received that several other owners of buildings in the downtown region are making plans for repainting their property before the winter season starts.

AUDITORIUM TO BE SHRINERS' MECCA

"Ten Million Dollar Band"
Will Christen Hall
On October 29

The Howell auditorium will be christened by the Shriners' "Ten Million Dollar Band" in the concert to be given in this city on Wednesday evening, October 29, special arrangements having been made with the contractors to have the building available at that time. It is confidently expected that the huge hall will find difficulty in holding the crowds which will attend.

The auditorium will not be completed next week but Contractor Riggs has consented to have the building out sufficiently to allow of its use by the Shriners and their guests. A portion of the electrical apparatus has been installed for the permanent fixtures but temporary service will also be wired for this occasion.

The bands and patrols will arrive next Wednesday afternoon and will march through the streets concluding with an exhibition drill about 4 o'clock.

Posters and window sheets announcing the coming of the Shriners have been received by the local Ismaili temple men and are being distributed.

FRESNO DAY AT S. F. LAND SHOW

Over 500 Local People Leave
Here to Attend Big
Celebration

Today will be Fresno Day at the San Francisco Land Show and will also be the opening date of the Portola Festival in San Francisco. Over 500 people from this city left for San Francisco yesterday to take part in these celebrations. It is estimated that several hundred more local celebrities will be in attendance there today and for the rest of the week as the demand for tickets, (round trip ones) has been so large that both the Southern Pacific and the Santa Fe railroads have had to put extra coaches and sleeper on all of their trains leaving this city for the north.

In special preparation for Fresno Day in San Francisco at the Land Show William Robertson of the Fresno County Chamber of Commerce has secured an extra supply of literature pertaining to all parts of the county and to the varied industries therein to distribute to the great numbers of people who will surge around the booth today.

Several thousand cartons of special Fresno raisins have been secured for distribution today to advertise the county and it is expected that the raisin seeds which are on display there will be kept doing all they can as it is a big drawing card to the booth.

MOTORCYCLIST RUNS INTO REAR OF WAGON

Serious Accident Takes
Place At End of Sunny-
side Car Line

Jesus Costello, riding a motorcycle, as seriously injured last night when he ran into the rear end of a wagon at the end of the Sunnyside street car line. Costello is an employee of the Hoeding nursery. The man on the rear seat of the machine escaped uninjured.

Costello lay stunned by the side of the road some time and was given first aid by a street car crew, who were witnesses to the accident. He was later removed to the county hospital by Deputy Sheriff Thorvaldsen. Costello sustained injuries to his head and legs and numerous body bruises. Eye witnesses to the accident were: B. D. Remmex, W. M. Wright and E. A. McConnell.
